YOUTH PUT ON TRIAL ON CHARGE OF MURDER

GEORGE W. BLAKER, whose trial on a charge of murdering Thomas Cook began today

George W. Blaker, Member of "Jim Crow" Gang to Hear Tale of Bloody Deeds.

The trial of George W. Blaker, the first of the three youths charged with the murder of Thomas Cook on the Old County Road on the night of July 22 last, began this morning before Judge Melvin sitting in the criminal court. Judge H. R. is being disqualified owing to the fact that he was connected with the prosecution of the case when the case came up for preliminary examination.

Attorneys A. L. Erick and John J. Burke appear for the defense of Blaker, and District Attorney John A. Allen is representing the people.

It is expected that the entire day will be spent in the empanelling of the jury.

The murder of Cook was one that attracted widespread attention at the time. The victim was slain in a grocery store for his brother on Twenty-third avenue and left the store one Saturday night shortly after 9 o'clock and had not proceeded far when he was attacked by three men who beat him over the head with a piece of water pipe found in the sack and inflicted wounds that a week of treatment caused his death.

ARRESTS MADE.—The three youths were arrested after a search of the city led to the arrest of George W. Blaker, John Schneider, Percy Pembroke and James Crowhurst, the latter of whom however, confessed the crime and had been hanged to with the other and was given his release. He never was afterwards arrested as being a leader of the Jim Crow gang and having, particularly in a moment of confusion, and was returned to seven years at Folsom. He was brought back to the County Jail waiting to give his testimony as to what he saw and did against the three who are still at hand.

REMAINS SILENT.—Blaker is the son of Captain Blaker of the ferryboat New 11 and is maintained a stolid silence regarding the affair even since his trial while John Schneider and Percy Pembroke, charged with being an aid with him in the murder, have both made statements and told various stories concerning the affair. Prior to his death however, Cook came to know him and his friends, and he was two of his students and that there was a third but he could not remember his name. He was well acquainted with them all however as they had often been in the store and had often with him on the delivery wagon.

The arrest of the three brought to light the operations of a whole gang who were under the leadership of James Crowhurst and it was through the confessions made by Schneider and Pembroke that Cook was arrested. Pembroke having confessed to having participated with Crowhurst in the robbery of a man by the name of Stanley a barber whom they

held up at the point of a pistol and from whom they took \$75. Crowhurst in taking about the affair afterwards said that Pembroke endangered the lives of both of them by holding the pistol so close to Stanley that he could have easily grabbed it out of his hand. This occurred more than a year ago but Stanley never made any complaint against them although he recognized the boys at the time.

The murder of Cook was the culmination of all these efforts to branch out as criminals. James Crowhurst even made a younger brother Elmer accompany him on several expeditions when they robbed various citizens and he is now in the County Jail awaiting trial on a charge of having with his brother robbed James Goody who was sitting on a bench with a girl one evening and was called a cheap guy by the desperadoes for the reason that he only had a few cents with him.

At the noon hour it was found necessary to take an adjournment in the trial of the case owing to the exhaustion of the jury panel and it was finally decided that in order to give the Sheriff time to go out of the city where it is presumed the case has been pending, and talked over that a day and a half would be needed to summon fifty jurors and the case was put over until Wednesday morning.

The jurors accepted at this morning's trial of the case were James H. Bourke, Nelson Provost and T. H. Ritzau.

AS LONG AS HE GETS THE MONEY.—A man may laugh at abuse and hate. As long as he gets the money. And a man may go at a lively gallop. As long as he gets the money. The wise may scoff and the good may seel. And men may shrink from his tainted gold. But the world is seldom unkind or cold. As long as he gets the money.

A man may do what he likes to do, As long as he gets the money. He can purchase honor and buy love too. As long as he gets the money. We snarl at the pale old millionaire. And we talk of the troubles God makes him bear. But he probably isn't inclined to care. As long as he gets the money.

Usually when a man reaches the turn in the lane he finds that it turns in the wrong direction. —Record-Herald

RELEASE PRISONERS TO VOTE

Startling Facts About Campaign in City of Columbus.

COLUMBUS, Ohio, Nov. 6.—One of the hottest campaigns in the history of Ohio closed Saturday night with a roar of emphatic oratory and in a haze of uncertainty as to the outcome.

The chairman of the two parties gave out estimates based on a poll of the State which were so far apart as to add to the uncertainty rather than to indicate a possible middle ground.

For the Republicans Senator Dick said that his poll—most conservatively made—indicated that Governor Herlick would be re-elected by not less than 83,000 plurality while Chairman Warber of the Democratic committee announced that his extremely conservative summing up of his poll showed the State a certainty for Pattison by 38,000 plurality.

It is reasonably certain that Ohio will tomorrow decide to do away with the annual elections and vote hereafter only in alternate years. A pending constitutional amendment provides for biennial elections and as this received the formal endorsement of both the Democratic and Republican conventions it became thereby a part of each ticket and every straight ticket will be counted for the biennial election.

BURGLAR VISIT ELMHURST

SECURE \$30 FROM HOTEL TILL AND \$40 FROM A STORE CASH DRAWER

ELMHURST, Nov. 6.—Burglars got busy in this vicinity last evening with the result that the Elmhurst Hotel was entered and robbed also Jones store, at the Three Mile House.

Entrance to the hotel was gained through a rear window. The burglars thoroughly ransacked the lower portion of the building securing \$30 in cash. They also looked over the stock of wines and selected a portion of the finest vintages.

Going to Jones store the burglars gained entrance in a manner similar to that used at the Elmhurst hotel. They broke open the cash drawer and secured about \$40 in change.

The authorities in various portions of the county have been notified but as yet there are no clues of the perpetrators.

BOTH PARTIES CONFIDENT

OPINION IS THAT AMENDMENT AGAINST THE NEGRO WILL BE BEATEN

BALTIMORE, Md., Nov. 6.—The day before election finds the leaders of both parties expressing confidence in the result in Maryland.

John B. Hanna, the Republican chairman said today that the proposed amendment to the constitution the avowed purpose of which is to disfranchise negro voters will be overwhelmingly defeated and that the Republican candidate for State Controller will be elected.

Murray Vandiver, the Democratic chairman expressed himself as being equally confident of the addition of the amendment and the election of Democrats. Conservative opinion in both parties tends to the view that the amendment will be beaten.

SUPERVISORS LISTEN TO OFFICIAL REPORTS

Exhibit of Indebtedness of County With Auditor's Showing of Money on Hand.

At the meeting of the Board of Supervisors this morning all the members were present.

BOOKS AND BINDING.—Judge W. H. Waste made application for several California Reports to replace missing books which the judge says have not been on hand since he took the office. He also asked for the rebinding of two volumes of California Reports. The request was granted.

COUNTY DEBT.—The report of the County Treasurer showed the outstanding indebtedness of the county to be \$228,078.82. Filed.

VARIOUS REPORTS.—Warden Page of the Insane annex reported that he had cared for five insane patients during October. Filed.
Coroner Mehrmann reported that he had held seven inquests during October. Filed.

Supervisor Rowe reported that he had aided 133 indigents during October at a cost of \$245. Filed.
County Auditor Bacon reported that the amount of outstanding school bonds was \$1,181,200. The amount of cash on hand was \$1,160,723.20. Filed.

Steward Borchert of the Receiving Hospital reported that he had rendered 346 services to 133 patients during October. Filed.

Justice Quinn of Pleasanton reported the collection of fees and fines during October to the amount of \$51. Filed.

WANT ROAD PAVED.—A petition signed by Jesse M. Woods and fifty-five others asked that Oak Street in Hayward Park Homestead Union be accepted as a county road. It showed that the thoroughfare is 2379 feet long and 60 feet wide. It also asked that the road be graded and turpined for continuous travel between Hayward, Castro Valley and Lake Chabot. The road because of the adobe soil is almost impassable in winter. The petition was referred to Supervisor Talcott.

INFIRMARY SUPPLIES.—Dr. Clark Superintendent of the County Infirmary filed a requisition for a boiler-tube, garden rakes and long-handled shovels. The request was granted.

TWO ASSESSMENTS.—A double assessment on a parcel of lot 9 block 2045, was ordered carried on the recommendation of Assessor Dalton.

The same order was issued in the matter of the double assessment of property in Murray Township and the Hamme Tract belonging to D. O. Mills and the Bank of California respectively.

REFUNDED.—A check for \$245.44 was received from the Oakland Herald Publishing Co. that being the sum which it is alleged by the Board of Supervisors was an overcharge for the publication of an election proclamation. The check was accompanied by a letter from the manager of the company which set forth that regardless of the fact of the return of the money the management would not admit that the charge was incorrect, on the contrary, set forth the following:

The measurement of the space occupied by said proclamation we claim was based upon correct rules and size of type.

LIQUOR LICENSES.—The application of E. M. Jull for a saloon license at Decoto was referred to the License Committee.

A. E. M. Prenselle withdrew his application for a liquor license at the intersection of Redwood and Old County roads.

PLANKING TREBLE.—Supervisor Rowe was authorized to plank the treble on Oakland avenue over Pleasant Valley, which was recently donated to the county.

FILES WANTED.—A resolution was adopted asking for bids for metallic document files for the County Clerk's office. The propo-

sals will be opened at 10 o'clock Monday, Nov. 21.

The Clerk was instructed to issue contract to Contractor Jackson for the building of a bridge over Dry Creek near Decoto, when Jackson should present a surety bond. Supervisor Rowe said the bond would be filed tomorrow. Adjourned.

THIS WIDE WORLD.

Regarding the brigades of Asia Minor, the London Times says: "The great majority of the brigades are Circassian immigrants from the Caucasus and travelers are general safe from attack if they are under the protection of a member of the brotherhood. The original Turkish, as well as the Christian population of Anatolia is remarkably peaceful on the whole and the lawless element is almost entirely composed of muhajirins or Musselman refugees from lands which were once part of the Ottoman Empire, but have now fallen under Christian rule. The Circassians are the greatest sinners and seem to make their living mainly by brigandage and tobacco smuggling. Some of them get engaged as village guards or escorts to travelers, and a few even enter the gendarmerie, but only if they would appear when they are tired of a more adventurous life. As gendarmes they are said to be very efficient although they are of course a little inclined to look the other way when any of their old friends are out on business."

Threatened disappearance of the wild fauna of South Africa has led the Natal government to form a reserve of some 20,000 acres in extent on the slopes of the Drakensberg. In the deep kloofs of these secluded mountain patches of ferns, cypresses and other natural forest afford good cover for the game, of which only some 180 specimens now remain in Natal. The reserve also contains herds of blue buck and pampas deer. In this game reserve are also found many valuable specimens of early Bushman paintings and drawings many of which are disappearing owing to the rapid disintegration of the rock surfaces.

Japan is to establish a line of steamers to ply between that country and South America. The purpose is to get cheap wheat from Argentina. Rice eating in Japan is giving way to bread made from wheat or from a mixture of wheat and rice or other cereals. Japan's representative in Brazil is instructed by his government to collect data of trade possibilities between the two countries.

ODD "ADS."

Of eccentric advertisements the London Chronicle remarks: "Probably to the end of time respectable women will want washing, though it is hard to reconcile their respectability with their lack of personal cleanliness. Butchers too who are prepared to kill anything when in search of search of employment are well matched by the dealer who wants a salesman, predicts that he must be 'alive when wanted.'"

An advertiser in a British magazine says: "Old artificial teeth bought, call or if forwarded by post, utmost value per return. Messrs. Smith, manufacturing dentists, Oxford street London. Established 100 years." From the London Morning Post: "Irish lady much reduced income, would be most grateful to lady (young medium size) who would give her left-off clothes to help her maintain social position. references Address."

A PROPER INTRODUCTION.

When candidate Hearst appeared before a crowded political audience at Bohemian Hall Monday night, according to his own paper he got a tremendous reception. Men and women on the floor and in the galleries were on their feet waving handkerchiefs, tossing their hats into the air and joining in a chorus of shouts which fairly shook the building. In the storm that raged the candidate simply stood facing his friends, until the cries and shouts culminated in the stentorian call: "Let us have cheer-gas!" Then Mr. Hearst spoke.

DISCOVERED A NEW STAR.

The new star recently discovered by Miss Fleming, the Harvard observatory astronomer, is in the constellation of Aquila and takes its name from that—Nova Aquilae No. 2, as it is the second new star found in that group. It was first found on Aug. 31 by Miss Fleming who has discovered eight of the last eleven found in ten years. She was studying the regular list of photographs including the whole sky which are taken every night when she found a new spectacle.

DELVE IN BAFFLING MYSTERY

Search Murderer of Former Wife of San Francisco Man.

NEW YORK, Nov. 6.—Coroner Scholer, who arranged to make formal demand today upon District Attorney Jerome and Police Commissioner McArdoo for aid in solving the mystery which surrounds the death of Margaret Todd, said last night:

"The case fairly bristles with suspicion, and my firm conviction is that future developments will put it side by side with the Patrick case in depth of interest and quality of crime."

It was expected that the final obstacle to an analysis of the dead woman's stomach would be removed at a conference planned for today between Coroner Scholer and Sinclair Tousey, the authorized representative of Mrs. Todd's daughter, who, it was said, would permit no question of expense to block the investigation. For the first time since the tragic death of Mrs. Todd, her French maid, Marie Goddard, made a statement yesterday.

PAPERS MISSING.

It brought to light one important fact—that Mrs. Todd before leaving home the day of her death, took a package of several important papers from her desk and placed them in her satchel. That satchel was found beside the body on the Reading tracks in Philadelphia, but the papers were not in it.

"On the day she was killed," said the maid, "she had been suffering from a severe cold and was eager to go out for a breath of fresh air," as she expressed it.

"She put on her hat, took a package of important private papers from a cabinet, put them into her hand satchel and started out. I had no idea that she was going out of town."

Miss Goddard was positive that Mrs. Todd could not have walked to the place where her body was found.

"Why, she never did any walking," said the maid emphatically.

"She could not walk two blocks without distress. She had been taking medicine for months for her heart and carried a bottle of it in her satchel when she left home."

It was learned later that this "medicine" was digitalis, put up with other ingredients in tablet form.

CLEW IN LETTER.

Another fact, learned yesterday is that a letter received by Mrs. Todd a few days before her death from some unknown person in Bridesburg, Pa., was found in her room a few days ago. This letter may contain a clue to the mystery of Mrs. Todd's trip to Philadelphia. Just before her departure for Philadelphia she told Miss Knight, who accompanied her to the ferry that the private business which took her away was not in Philadelphia, but Bridesburg.

No one has been able to discover that Mrs. Todd knew any one living or doing business in Bridesburg, which is practically a suburb of Philadelphia on the Pennsylvania road.

Unfortunately this Bridesburg letter has been mislaid by its finder. A systematic search for it will be made today.

Counsel for Ingersoll Lockwood, who was formerly Mrs. Todd's attorney, said yesterday:

WANT WARRANTS.

"We shall demand warrants for the arrest of Sinclair Tousey and his lawyers the first thing tomorrow morning. If we fail there, we shall at once apply to the District Attorney for permission to lay all the facts before the Grand Jury."

Milton Berolzhalm, grandson of Mrs. Todd, is watching developments eagerly. The will of 1902 filed by Lockwood, ignores his existence completely, but should this will be set aside the estate would be left, as if Mrs. Todd died intestate, and Berolzhalm would be entitled to his share.

Berolzhalm's mother, who was Mrs. Todd's eldest daughter, was for years prominent in San Francisco society. On the morning of April 1, 1900, she was found dead in her rooms in Forty-second street, a suicide.

With reason unhinged, she had sequestered her costly jewelry in terror of a plot to rob her and had taken her own life.

Mrs. Todd's first husband, the father of Mrs. Frank Tousey, and Berolzhalm's mother, is Colonel Andrews, a wealthy diamond dealer of San Francisco.

BUSY TIME FOR PRINCE LOUIS

WILL LAY A WREATH OF FLOWERS ON WASHINGTON'S TOMB.

WASHINGTON, Nov. 6.—Flying the pennant of a Rear Admiral of the British navy, the Dolphin sailed from the Washington navy yard this morning for Mt. Vernon, with Rear Admiral Prince Louis of Battenberg, and a party of fifty on board.

Prince Louis goes to Mount Vernon at his own request, and as the guest of the State Department, Mr. Bacon, the Assistant Secretary of State, acting as host for the Department on the trip. The Prince, officers of his personal staff, and the commanding officers of his squadron, will visit the tomb of Washington, and it is understood the Prince will place a wreath of flowers thereon.

Returning, the party will lunch on board the Dolphin and reach Washington in time to take a special train to Annapolis this afternoon, where the Prince will be the guest at dinner of Rear Admiral Sands, superintendent of the Naval Academy.

Sir Mortimer Durand, British Ambassador, will go to Annapolis tomorrow, and will be the guest of Prince Louis on board his flagship, the Drake. In the afternoon the Prince will make a hurried trip to Baltimore, where he will be the guest of the British Consul at dinner. Wednesday the Prince will make a thorough inspection of the Naval Academy, be the guest of Rear Admiral Brownson, commanding the armored cruiser division, and under escort of Admiral Brownson's division, will sail for New York Wednesday at midnight.

GEORGE DE GOLIA HAS RETURNED

PROMINENT ATTORNEY TELLS OF CONDITIONS OF MINING DISTRICT.

George De Golia, the prominent attorney of this city, who returned from Tonopah this morning, said when seen by a TRIBUNE reporter, that the southern portion of Nevada has the greatest deposit of valuable minerals in the world.

"The mountains are full of deposits, and hundreds of men, who have been out during the summer prospecting, are now coming into town and each issue of the local papers contain announcements of new strikes, whereupon locators start out and cover that neighborhood with staked claims," said Attorney De Golia, during the course of his conversation with THE TRIBUNE representative.

Attorney De Golia says that much progress has been made in the towns of Tonopah and Goldfield, affording better conditions of living for both rich and poor.

"But no man should go there without good health and some connections to give him a start," concluded Attorney De Golia.

OBJECTS TO HIS CHINESE COMPANION

Ollie Anderson, a red headed youth with a brand new jail hair cut, charged with forgery, appeared before Judge Harris this morning for arraignment and his case was continued until next week. He is charged with having a parchment for scattering bad paper around upon which he has succeeded in passing small amounts. He passed a check for \$3.50 on the firm of Sherman & Clay and various other firms for a like amount until he was finally caught and placed under restraint.

As there were but three prisoners to go from the jail to court this morning it necessitated Deputy Scanlan taking one while he coupled Anderson up with the Chinese highbinder, Louie Quong Wing, which was more than Anderson was hardly prepared for, but after some remonstrance, he yielded and allowed himself to be handcuffed to his yellow brother.

SHIP GOES ASHORE TO PREVENT SINKING

COPENHAGEN, Nov. 6.—The Scandinavian-American line steamer Helligolav, from New York, Oct. 25, for Christiana and Copenhagen, touched ground on the Middle Ground, in the Kattegat during a storm today, and was run ashore to prevent her from sinking. The forehold of the vessel is full of water. Her passengers have been transferred to the Danish steamer Koch.

PARISH FAIR AT GOLDEN GATE

MANY NOVEL FEATURES ARE INTRODUCED BY COLUMBA'S LADIES.

MAUDE SCHUDT.

The event of the season at Golden Gate is the fair being given by St. Columba's parish.

The affair was on all of last week, and will be concluded next Saturday night.

Many novel features have been introduced by the ladies in charge, and due to the liberal support of the people of Golden Gate and elsewhere, quite a neat sum will have been secured by the end of the fair for St. Columba's parish.

One of those who is doing a great deal of work for the fair is Miss Maude Schudt.

MORMON VOTE IS SOLICITED

ISSUE AT SALT LAKE IS BETWEEN OLD PARTIES AND AMERICAN PARTY.

SALT LAKE CITY, Utah, November 6.—With the issue in tomorrow's election clearly drawn between the old parties and the American, or anti-Mormon party, interest now centers in the Mormon vote.

American party leaders declare that the church influence is for the Republican majority candidate, Chief of Police Lynch, a Gentile.

Mayor Morris, Democratic candidate, is a Mormon and undoubtedly will be supported by many Mormons.

CHINESE MENACES WOMEN

EMERYVILLE RESIDENTS MAKES SERIOUS ACCUSATIONS HIM.

Joe Young, a Chinese vegetable peddler of Emeryville, is in the county jail charged with an attempt to assault Mrs. John Bohres, Jr. The Chinese was taken to jail upon a warrant charging him with simple assault and upon disturbing the peace of Mrs. A. Krueger of the Stockyard district Saturday afternoon.

It developed later that he was the Chinaman that has been the terror of young girls in the community for some time past, and only a few days ago it is claimed that he, assaulted Mrs. John Bohres.

Saturday afternoon Young went to the Krueger house to obtain the settlement of a bill of \$15. There was difference of opinion between Mrs. Krueger and the Chinaman, and he forced an entry in the house and threatened Mrs. Krueger. Alvina Krueger, Mrs. Krueger's daughter ran to the home of Eyrion Aiden, a neighbor, and secured aid. An officer was sent for and the Chinaman arrested.

MISS NIELSEN'S VOICE IMPROVED

NEW HAVEN, Conn., November 6.—Miss Alice Nielsen made her American debut in grand opera here singing the role of Norma in Donizetti's "Don Pasquale." A large musically capable and critical audience, who remembered her as a comic opera prima donna, heard her dispassionately enough until the close of the second act, when they gave expression to their pleasure in prolonged applause.

It was as a mature singer than in the old days that Miss Nielsen revealed herself tonight. Her whole voice is equal and is evenly stronger. Her articulation is very clear, and her phrasing, particularly good.

BOTH CLAIM A MAJORITY

REPUBLICANS AND CITY PARTY SURE OF VICTORY IN PHILADELPHIA.

PHILADELPHIA, Nov. 6.—At the eleventh hour the leader of the Republican organization of the reform movement are claiming victory at tomorrow's election. United States Senator Penrose said that belated reports confirm his opinion that the Republican ticket, State and county, would be elected by a good majority.

City Party workers have completed an unofficial canvass of the city, and as a result they claim a majority of not less than \$3,000. Franklin S. Edmunds, chairman of the City Party, will issue an official estimate tonight based upon actual canvasses made by their separate interests.

Prompt action will be taken by City Party managers against illegal voters. D. Clarence Gibbons, secretary of the Law and Order Society, has been engaged to conduct the prosecutions, and he has 1,000 warrants ready for use.

The Democratic party, which is supporting the City Party ticket, has, through City Chairman Donnelly, sent out a circular urging all Democrats to work unceasingly for the Democratic State ticket and City Party nominees.

CHINESE WANTS EARLY TRIAL

LOUIE WING, HIGHBINDER, ANGRY AT DELAY OF AMERICAN JUSTICE.

Louie Quong Wing, the Chinese highbinder who attempted to take the life of one of his own Wing family by shooting at him, the bullet entering the thigh, came up for arraignment this morning in the criminal department before Judge Harris and he plead "not guilty" to the offense, and his case was set for February 26th, after considerable conversation in Chinese between the Chinese interpreter, Gee Gam, and the prisoner.

Wing was in a bad humor and evidently did not like the delay and wanted to know of Gee Gam who charged him with the murder and why he had to wait so long. It was explained that the trials of Blaker, Pembroke and Schneider, for the murder of Tom Cook, and the several trials of Otto L. Hass, for the alleged slaying of the county stationery bills, had the entire calendar taken up for the intervening time.

He consented to the waiving of the sixty day limit within which time a prisoner has the right to demand trial, but he did not like the delay and wanted to know of Gee Gam who charged him with the murder and why he had to wait so long. It was explained that the trials of Blaker, Pembroke and Schneider, for the murder of Tom Cook, and the several trials of Otto L. Hass, for the alleged slaying of the county stationery bills, had the entire calendar taken up for the intervening time.

BACK PAY FOR THE SOLDIERS

SACRAMENTO, November 6.—The Adjutant-General wishes it to be known that he is now engaged in compiling the claims of those entitled to back pay for the Spanish-American War. Pay is due from the time of enlistment to the time of mustering out. There are still about 1500 or 2000 of these claims that have not been presented, although pay at the rate of \$2 a day is due. The time for the registration of claims was limited to October 16th, but the Adjutant-General desires it to be known that any claim sent in immediately will receive due consideration.

FLAMES DESTROY RANCH HOUSES

SAN DIEGO, Nov. 6.—The house on the Eaton ranch, three miles from Delmar, has been entirely destroyed by fire. The occupants escaped, but were not able to save any of their belongings. The cause of the fire is not known. The loss was \$1,600. This was the second ranch house to be burned in this neighborhood within a week.

RAIN CONTINUES ABOUT SAN DIEGO

SAN DIEGO, Nov. 6.—Rain continued to fall here during last night and early this morning, extending practically all over the county. A precipitation of 1.69 inches for the storm has been registered, making 2.44 for the season. At noon it has started to rain again.

SLOWLY DYING.

DUBUQUE, Ia., Nov. 6.—Colonel D. B. Henderson, former Speaker of the House, is at the point of death, and has been removed to a hospital. Physicians may resort to an operation in a last attempt to save his life. He is suffering from paresis.

WOULD STOP ALL HATRED.

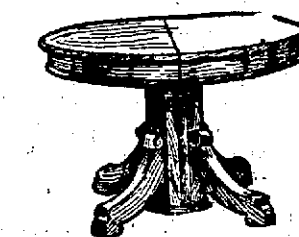

ELIZABETHPOL, Caucasus, Nov. 6.—The Mussulman population has organized manifestations in honor of imperial constitutional manifesto, the orators calling on the population to cease all national hatred.

WILLIAM J. LEMOYNE HAS ANSWERED THE LAST CALL.

NEW YORK, November 6.—William J. Lemoine, the veteran actor, died at Inwood-on-the-Hudson today of Bright's Disease. Present at the bedside were his wife, Sarah Cowell Lemoine, and a few intimate friends of the family.

Mr. Lemoine was 75 years of age, and 60 years of his life was spent on the stage. He made his first theatrical appearance in Portland, Maine, in "The Captive," a play which included Mrs. Edwin Forrest. Mr. Lemoine served in the Northern army in the civil war, and rose to the rank of Captain. He was wounded at the battle of South Mountain.

WOMAN'S APPEAL.

SAN DIEGO, Nov. 6.—County officials have been appealed to by Mary A. Hopkins, of Chicago, to help her in her search for traces of a brother, John N. Mayo, from whom no word has been received for fifty years. In 1858 he was in San Francisco, and no record of his death can be found.

FIRE IN HAY BARN.

The Fire Department was called out Saturday evening to extinguish a fire in the hay barn and coal yard of J. Brown at the foot of Eighth street, on the bay shore. The barn was partly filled with hay, the loss being estimated at about \$500. There was no insurance on the place. The cause of the fire is not known.

SALOON ROBBED.

It was also reported to the police that the saloon of Hatti & Cartano at 623 Broadway was broken into shortly before midnight Saturday evening, and \$5 taken from the till.

BURGARS BUSY.

W. H. Druden of 556 East Twenty-first street also reported to the police that during his absence from home Saturday afternoon burglars entered his home through a window and obtained \$10.

HUNGRY
MEN ARE
DESPERATE

Looks as Though There
Will be Trouble in
London.

LONDON, Nov. 6.—The desperate condition of the poor of London was brought to the notice of Premier Balfour today by a remarkable deputation of the wives and other women relatives of the unemployed who did not hesitate to tell the Premier that unless something is speedily done to lessen their suffering there will be bloodshed. "Don't forget that hungry men are desperate men," said one of the speakers, who all had the same tale to tell of husbands out of work and starving wives and children. The plucked faces and tattered clothing of the women, some of them having babies in their arms, bore eloquent testimony to the truth of their complaints. Enormous crowds of women from all parts of London marched through the streets headed by a deputation which Mr. Balfour received at the office of the local government board. The "Marseillaise" was heard as the procession advanced, perhaps the first time it was ever heard under such circumstances in the streets of London.

NEW ELECTRIC
RAILROAD

ARTICLES OF INCORPORATION
ARE FILED IN SAN FRAN.
CISCO.

SAN FRANCISCO, Nov. 6.—Articles of incorporation of an electric railroad to run from Marysville to Nevada City and thence to Auburn, were filed here today under the name of the California Midland Railroad Company.

The new road, which will transport both passengers and freight, will run from Marysville, Yuba county, in a general northeasterly direction to Nevada City, and from there will take a southerly route to Auburn. While the petition names "steam, electricity, or any other power," it is known that the road will be operated by electricity. The entire estimated length of the road is seventy miles.

In the articles of incorporation it is set forth that the capital stock of the new company is \$3,000,000, which is divided into 30,000 shares at the par value of \$100 each. The sum of \$70,000 has been subscribed. The directors are John Martin, San Francisco; Eugene J. De Sable Jr., San Mateo; Leo P. Suesman, San Francisco; Lawrence Payor, San Francisco; Walter J. McLean, San Francisco; Leo H. Suesman is the treasurer.

RAIN FOR THE
CAMPAIGNERS

BOSTON, Nov. 6.—Heavy rain did not lessen the enthusiasm today of the closing hours of the Massachusetts State canvass. A "wildfire" tour of Cape Cod by Democratic candidates was the feature. While the Republican program was more restricted as to territory it involved great activity. Railies were scheduled for the day outside of Boston. The day finds both Republicans and Democrats claiming the election tomorrow.

VIRGINIA ELECTION.

FIERCE
FOREST
FIRES

Flames are Raging in
the Santa Cruz
Mountains.

SANTA CRUZ, Nov. 6.—Fierce forest fires have been raging in the mountains the past two days. A large one is along the left branch of the Soquel creek, threatening ranches and burning the finest of timber. This fire started near Wright, and the heaviest winds of the year caused it to spread with frightful rapidity. The flames licked up everything before them, climbed the fir and redwoods, and shot over a hundred feet in the air. The forests around San Francisco mountain were all ablaze, and the fire encroached upon the ranches in the vicinity, burning the orchard and the corn in the field and barn at the Webb summer resort.

The fire also extended to the fences on the Lumbago ranch and was fought back. The Little John ranch was saved by back firing and the flames got in the peach orchard on the Gafford place. They also reached the Loma Prieta logging camp, and all the men from the mill and in the vicinity were engaged in fighting the fire. Over ten miles of territory was burned over. Another fire was about four miles from town, on the Cowell ranch, and started in Cave gulch. At this place there is much brush, which was burned, and then the grass in the pasture, large land got ablaze and burned to the Hebrew Cemetery. This fire encroached upon the Wilder ranch, and men were sent from town to stay the flames.

GREAT EXCITEMENT
IN COTTON MARKET

NEW YORK, Nov. 6.—There was great activity and excitement at the opening of the cotton market today, owing to a big advance in Liverpool, unfavorable weather in the cotton belt and bearish reports as to the crop situation. The market opened at an advance of fifteen to twenty-one points with January selling at 11.43, or a new high level for the season beginning September 1, and within 7 points of the high figure touched on July 10. There was tremendous realizing at the advance. January broke to 11.30 during the first half hour, following which it rallied to practically the opening level, but eased off again during the middle of the morning when prices were 10 points to 15 points net higher.

APPOINTED BY
THE GOVERNOR

SACRAMENTO, Nov. 6.—Governor Pardee this morning announced the appointment of the following as members of the State Board of Pharmacy: F. W. Burger, of Fresno; E. J. Moloney, of San Francisco; R. S. Oakford, of Long Beach; vice H. J. Flager; George M. Sutherland, of San Francisco; vice John Calvert; Edward T. Off, of Los Angeles; vice T. D. Owen; A. L. Lever, of Oakland; vice A. E. Raer, and J. O. McKeown, of Livermore.

TO ELECT MAYOR
AT LOUISVILLE

LOUISVILLE, Ky., November 6.—Interest in tomorrow's election centers in the choice of Mayor of Louisville. Paul C. Barth, Democrat, and J. T. O'Connell, Fusionist, have made an active campaign. Lewis McQuown, chairman of the Democratic State Central Committee, claims that the Democrats will control the legislature, which will elect a United States Senator to succeed Black-burn.

LEWIS M. HAGER MEETS
WITH LARGE LOSS

Barn and House in Alden Destroyed
by Fire at 3 o'clock
This Afternoon.

Fire of unknown origin this afternoon totally destroyed the barn and residence of Lewis H. Hager at Forty-sixth and Telegraph avenue. The flames also damaged two small adjoining cottages. The loss will be between \$6,000 and \$8,000. Mr. Hager has an insurance of about \$3,000.

At the time of the fire there were several head of stock in the barn, five horses and two cows. They were all saved by Mr. Hager. All personal furnishing goods and property were lost. In one section of the barn thirty tons of hay, owned by E. J. Osgood was totally destroyed.

Altogether there was about fifty tons of hay stored in the barn. Mr. Hager and his family lived in one portion of the structure.

According to the best information obtainable the flames started in the front portion of the barn and was probably caused by spontaneous combustion.

The flames were first noticed by small boys, who notified Mr. Hager. People in the vicinity formed a bucket brigade in an attempt to extinguish the blaze.

Fed by the dry hay the flames made great headway, and before the fire department arrived on the scene the barn was a roaring mass of flames.

Streams were played upon the burning structure, but without avail.

The flames spread to small adjoining cottages, and these were partially demolished.

HONOR NAME OF RUSSIAN
CAPERTON
RIOTERS
KILLED

CHANGE NAME OF TERRE BONNE
AVE., PIEDMONT, TO THAT
OF PIONEER.

This morning the Supervisors paid respect to the memory of John Caperton, formerly an extensive land-owner in this city, by giving his name to the thoroughfare known as Terre-Bonne avenue which runs from Highland avenue to Sheridan avenue in Piedmont. As a consequence, the thoroughfare will hereafter be known as Caperton avenue.

Caperton was associated with Colonel Jack Hayes when both donated to Oakland the present sites of the Hall of Records and the Court House. John Caperton subsequently came into possession of Alameda county.

The action referred to was taken at the instance of the property-owners in Piedmont, in which has not an English name, a petition in which, among other things, were set forth the following:

PEOPLE'S REQUEST.
The present name is the source of considerable confusion on the part of tradespeople and property-owners in that it is an unusual name and is the only street, road or avenue in that section in which has not an English name.

The name suggested, Caperton avenue, would be proper in the judgment of people, and the reason that John Caperton, a pioneer of Alameda county, owned large amount of property in that section, and the tract now known as the Crocker Trust was formerly owned by Caperton and on the earlier maps of the county, was called by the Caperton Trust.

The petition was signed by J. B. Richardson, C. Annette Buckel and others. The motion changing the name was made by Supervisor Rowe and all the members of the board voted in favor of it.

SUPERVISORS TO
KEEP EXHIBITS

At the meeting of the Supervisors this morning Commissioners Welby and Walker, of the Alameda County Fair Commission, presented to the Board an elaborately gotten-up history of the St. Louis Exposition.

On motion of Supervisor Rowe, the volume was presented to the Oakland Public Library, for the reason that the county has no library of its own.

NOT GIVEN TO EXCHANGE.

Supervisor Mitchell said that he had seen it published in the papers that the exhibits of the county at Portland and St. Louis had been given to the Merchants' Exchange.

LAST WEEK'S ACTION.

The action of the board in this subject at the meeting of Monday last was discussed by both Supervisors and commissioners and the latter said that they understood the exhibits were to be temporarily in their charge at the pleasure of the Supervisors.

The Commissioners were authorized to put the exhibits for the time being in a store on Broadway, to await final disposition. The Portland display, the county at Portland will arrive here tomorrow.

HORSE
DROPS
DEAD

The residence of A. M. Schmidt was visited by fire this morning, which did about \$30 worth of damage. An ash barrel in the rear of the residence caught fire and spread to the rear of the building. It was extinguished by a call of assistance from the neighbors, however, before the arrival of the department.

Blackberry, an engine horse, drawing Engine No. 2, dropped dead after the run to the scene of the fire. The horse was only seven years old and had been in fine condition.

CANNOT
ACT FOR
THE JEWS

President Roosevelt Says
Action Cannot be Taken
at Present.

WASHINGTON, Nov. 6.—President Roosevelt has decided that no action can be taken by this Government at present, which will be of any benefit to the Jews in Russia.

This information was made public at the White House today in the following statement:

"Oscar Straus called upon the President this morning, not to ask him for action, but to consult with him as to whether there was any possibility of action which would result in a cessation of the horrors connected with the massacre of the Jews in Russia. The President stated that, of course, he had been watching with the deepest concern the reports of these massacres; that he had been appealed to within the last few weeks to try to take some action, not only on behalf of the Jews in Russia, but on behalf of the Armenians, Poles and Finns. The result of the President's inquiries was the following telegram from Count Witte to Jacob Schiff:

"The Government is horrified at these outrages. You know that I do not sympathize with such savage outbreaks. All I can do to stop the disorders is done, but as the country is in such an unsettled state, the authorities are often powerless."

"In the condition of social disorders which actually exists in Russia, the President does not see that any action can be taken by this Government at present, which will be of any benefit to the unfortunate sufferers for whom we feel such keen sympathy."

STATE AUTO LAW
IS DOWNED

UNCONSTITUTIONAL; IT PLACES
SPEED LIMIT IN EXCESS
OF CITY ORDINANCE.

Bicyclists, auto-cyclists and automobilists fared badly in Oakland yesterday as fourteen of their number were arrested by the local police officers and held in duress until cash bail was forthcoming. The open air speed enthusiasts submitted to the indignity of arrest with more or less grace, seemingly to take comfort from the fact that many were arrested, many more would have been arrested only on sighting the waiting policemen they turned on full speed and took a chance at becoming the target for the bluecoats' aim. The bicyclists who forfeited bail this morning were August Rogers, D. L. Lyon, J. S. McGowan, James Sweeney, H. N. Waldo, Frank Courant, Jr., Willie Kuhl, Volney Hamilton and C. P. Ellegard had judgment suspended on the ground of their youth.

Walter Booth and J. B. Smith, automobilists, demanded further time and will plead to the charges against them on November 7. E. C. Webster, Ed Allen and Adolph Jencho, auto-cyclists, each forfeited \$5 bail on a charge of exceeding the speed ordinance.

MRS. GINN'S WILL
IS FILED

The last will of Mary L. Ginn, who leaves an estate valued at \$120,000, was filed with the County Clerk this afternoon. In it she leaves to her husband, Frederick B. Ginn of the Ginn Publishing Company, one-half interest in a home at 650 Thirtieth street in the city, valued at \$12,000, and one-half of the furniture contained in it. The other half she gives to her son, Attorney Sheffield S. Sanborn. She leaves to the latter the remainder of her estate. The property consists of the house on Thirtieth street, a piece of property in the Glen Echo tract, valued at \$7,000, land in Los Gatos, valued at \$8,000, and stocks and bonds to the amount of \$40,000, and cash in bank to the amount of \$2,350. Alexander T. Baldwin has been executor by the husband to act as executor of the will.

Mrs. Mary Forner was sentenced this morning to pay a fine of \$350 for conducting a "speakeasy" in West Berkeley. She paid the fine.

PRINCE LOUIS
LEAVES ANNAPOLIS

WASHINGTON, November 6.—Prince Louis left for Annapolis at 1:15 this afternoon. He had with him a sprig of ivy taken from the tomb of Washington.

IN THE
CLAWS OF
A LION

Workman Has Narrow
Escape From Being
Torn to Pieces.

This afternoon while engaged in moving lions at the Bell theater, Ed Rupert, a helper on the express wagon, was grasped by one of the animals and had his thigh terribly lacerated before he could be rescued.

He was in act of moving one of the cages, when he got too close to the bars and the infuriated animal, who had become irritated by the workmen about him, grasped hold of Rupert, and his long claws imbedded themselves in his flesh.

Rupert shouted for help, but was unable to liberate himself, the claws being firmly imbedded in his body, and he was being gradually drawn closer and closer to the cage.

In answer to his cries workmen came and beat the lion with clubs, while Rupert used his own hands to force the claws out of his flesh, and finally succeeded in liberating himself. He was taken to the Receiving Hospital, where he was treated by Steward Harry Borchert, and was allowed to go away, but it will be some time before he can go about his usual work. He is 32 years of age, and left for his home at Thirty-ninth and San Pablo Avenue, weak from the loss of blood and the shock of his narrow escape.

POLICE ARREST
SUSPECTS

Police Officer McSorley this afternoon arrested John Shay and Robert Reed on suspicion of being the safe crackers. They were getting shaved in Tische's barber shop. Shay had his mustache shaved off.

The men wore government boots and articles in their possession indicate that they came from Vallejo.

One had \$40 on his person and the other \$3.

FIRST TRAINS
THROUGH TUNNEL

NASHVILLE, Tenn., November 6.—The tunnel under Baker's hill on the Louisville and Nashville railroad, 60 miles west of Nashville, has been completed and the first trains went through today. The tunnel is nearly a mile long and with the approaches cost \$2,000,000.

PRINCE IVOFF
MAKES EXPLANATION

ST. PETERSBURG, November 6.—Prince Ivoff explained to the Associated Press today that the deputation from the Moscow Constitutionalists, the group of which he is a member, which called on Count Witte, demanded the convention, believing that such a course was the only solution of the situation.

Long Sentence Given to
Wife Murderer in San
Francisco.

SAN FRANCISCO, Nov. 6.—Michael J. McCarthy must serve twenty years in the Penitentiary at San Quentin for the murder of his wife. He pleaded guilty to the crime before Superior Judge Cook two weeks ago, and took a chance on paying the penalty with his life, but the court held that the crime was murder in the second degree, and sentence was passed this morning. The prisoner seemed relieved when it dawned upon him that his neck had been saved, and that he would not even be compelled to pass the rest of his days in confinement.

McCarthy shot and killed his young wife, Octavia McCarthy, in their apartments in a Market street lodging house nearly two years ago. She was standing before a mirror adjusting her hair, and McCarthy was lying in bed, when the shot was fired. After the shooting he dressed with deliberation and left the room. He told the landlady on leaving the house that she had better call for the police, and it was not until the officers arrived that it was discovered that a crime had been committed. McCarthy was arrested the same afternoon. He denied his identity at first, but finally admitted that he did the shooting, and declared that his wife had taunted him of her relations with other men before he fired the shot.

The wounded woman lingered at the hospital for months. She finally lost the sight of both eyes as a result of the bullet in her brain, and then death came to her relief. Before her marriage she was one of the chorus girls in the Fischer Theater Company, and her relatives say that McCarthy abandoned her from the hour that she became his wife.

McCarthy was arrested the same afternoon. He denied his identity at first, but finally admitted that he did the shooting, and declared that his wife had taunted him of her relations with other men before he fired the shot.

The wounded woman lingered at the hospital for months. She finally lost the sight of both eyes as a result of the bullet in her brain, and then death came to her relief. Before her marriage she was one of the chorus girls in the Fischer Theater Company, and her relatives say that McCarthy abandoned her from the hour that she became his wife.

McCarthy shot and killed his young wife, Octavia McCarthy, in their apartments in a Market street lodging house nearly two years ago. She was standing before a mirror adjusting her hair, and McCarthy was lying in bed, when the shot was fired. After the shooting he dressed with deliberation and left the room. He told the landlady on leaving the house that she had better call for the police, and it was not until the officers arrived that it was discovered that a crime had been committed. McCarthy was arrested the same afternoon. He denied his identity at first, but finally admitted that he did the shooting, and declared that his wife had taunted him of her relations with other men before he fired the shot.

WINTON Advance Exhibition

New York and Chicago Automobile Show

ONE DAY ONLY Tuesday, Day and Night. **OAKLAND, NOVEMBER 7th** EXHIBIT AT FIRST AND BROADWAY

The Winton is the American car at an American price. The Winton story of stability is before you every day in the 1904, 1903, 1902 and earlier models, which are running day and night and doing the hardest kind of "grind." Winton has built more cars and built automobiles for a longer period than any other maker. Years ago he constructed a vertical engine, but, only last year, did he adopt the vertical four-cylinder type which is popular today. The success of the 1905 "A," "B" and "C" models was phenomenal, yet, of course, as with all new automobile models, some faults were found—or room was found for higher improvement.

From the year's building experience and suggestions from many of the fifteen hundred 1905 owners, the model "K" 1906 Winton is offered as a perfect Winton machine, and a machine which cannot be duplicated in the world at the price. So positive is Mr. Winton that the "K" will fill all requirements of touring that he will construct but this one model for the 1906 trade. So sure is he that the construction is right, that he carries an unprecedented exhibit by rail, to all the automobile centers of America. Inviting the public to demonstrate the finished car, as to its beauty of design, strength of construction, ease of riding, power on the road, etc.; and to examine carefully the chassis which occupies the main section of the exhibition room in the Winton show car. In the chassis the Winton design and accessibility make it easy to show the principles of the modern automobile engine in fullest detail. Visitors will be struck with the simplicity, strength and finish, the ease and positiveness of control; the finish and design of the renowned Winton gear system; the great improvement in the shaft drive and rear axle construction; the strength and design of the frame and engine hanging, etc., etc.

In addition to two complete automobiles, the exhibition contains interesting pictures and mechanical drawings. All the mechanical parts necessary to construct a complete machine are, too, exhibited. This parts display clinches Winton faith in the public opinion of the production; for here the very heart of the machine is laid open for inspection; every part is seen in the exact proportion, material and finish and the mode of assembling such parts will be fully explained upon request.

An Unprecedented Exhibit of the Modern Four-Cylinder Gasoline Motor Car; an Exhibit unique and rich enough to interest everybody, and to those interested in a motor (including California Chauffeurs) the opportunity to so readily examine every detail of a motor car of this class should not be missed.

The Show is under the personal charge of Mr. Charles B. Shanks, the General Sales Manager of the Winton Company. He and his corps of assistants will dispense Winton good-will and information to all who call at the Winton car.

Special appointment may be made for road demonstration.

SAN FRANCISCO CAMPAIGN TO CLOSE TONIGHT

Betting is Still in Favor of Mayor Schmitz But Guessors Are All at Sea.

SAN FRANCISCO, Nov. 6.—The promise of perfect weather tomorrow indicates that the largest vote ever cast in this city will be polled. This, the fusion managers claim, will be to the advantage of their ticket headed by John S. Partridge for Mayor.

The united Republican and Democratic parties are hopeful of success over the Union Labor ticket, led by Mayor Schmitz, who is a candidate for a third term.

The Union Labor people are equally confident and point to the fact that the betting odds are in their favor.

The Fusion forces closed their campaign on Saturday, but their opponents will have a parade tonight.

The indications are that the parade will be a big one. The Schmitz managers are bending every energy to make a great showing in the hope that it will help the voting.

It is absolutely impossible to draw a close line on the election. It may be very close, and it may be a sweeping victory for either side. As the matter stands late this afternoon Schmitz still leads strongly in the betting, and plenty of money is being put up by both sides.

"DRINK!" IS HIS LAST WORD

VICTIM OF ALCOHOLISM DIES AS HE CALLS "BOYS" TO A TREAT.

John Verriken, a cigarmaker, died Saturday evening at the County Infirmary of chronic alcoholism. Verriken was taken to the County Infirmary a short time ago from the Receiving Hospital.

Since his arrival at the infirmary not a sound was heard from him until the night of his death, when he sat up in bed and said: "Come on, boys, let's have another drink." He then fell back and died. His body has been removed to the morgue.

Verriken was well known in this city, having resided on Thirteenth street, between Broadway and Franklin.

POINT RICHMOND MAN IS HURT

SAN FRANCISCO, Nov. 6.—Edward Howard of Point Richmond is in trouble. He occupies a cot at the Harbor Hospital, where he is suffering from a lacerated scalp and a possible fracture of the skull.

RIG IS STOLEN, THEN RECOVERED

A horse and buggy was stolen from the livery stable of J. Lawrence of Hayward Saturday evening and was located the next morning at the corner of Tenth and Grove streets by Policeman McGorley. When found one of the tires was off the buggy and the horse completely tired out. Lawrence heard the thief enter his stable and arose to give chase, but the man disappeared before he reached the stable. Yesterday Lawrence identified the horse and buggy found by McGorley as his own. The person who took the rig from the stable had disappeared.

SALOON WOMAN IS UNDER ARREST

Mary Caserio, who conducts a saloon in West Oakland, was arrested Saturday night by Deputy License Inspector Franke and Policeman Keefe for selling liquor without a license. She pleaded not guilty this morning before Police Judge Smith and her trial was set for December.

VICTIMS OF BOLD FOOTPADS

TWO MEN ARE HELD UP AND ROBBED OF THEIR MONEY.

Shortly after 1 o'clock Sunday morning two men held up William Gates and Charles G. Smith of 470 Seventh street. One of the footpads had a pistol, which he pointed at the victims while the other went through their pockets, securing about \$10. The robbery took place on Grove street, between Fifth and Sixth streets.

Policeman Scanlon arrested two men in this neighborhood who corresponded to the description of the men given by Gates and Smith. They gave their names as Louis Clark and Sam Perry. A revolver was found on Clark and he was charged with carrying a concealed weapon. Later the pair were confronted by Gates and Smith but they could not identify them. Sperry was released.

RESIDENCE IS DAMAGED BY FIRE

Fire early yesterday morning destroyed part of the residence of Joseph P. Teahney at 235 Hollis street, the damage done amounting to \$1000. The fire was discovered about 4 o'clock by Mr. Teahney before it had gained much headway and an alarm was sent in. The whole upper floor of the residence was completely destroyed. It is supposed the fire was started by hot coals in an ash barrel.

FLAMES DISTURB HIS QUIET SLUMBERS

Richard Southland, residing at 7154 Lewis street, was awakened early this morning by the mattress beneath him breaking into flames. A pipe which he had laid down several hours earlier was the cause of the blaze. The fire department responded to an alarm and put the fire out without damage to the building.

FEAR FOR RUSSIAN EMPIRE

Official Appeal For Confidence Made to People.

ST. PETERSBURG, Nov. 6.—The Official Messenger prints this morning a strongly worded appeal for confidence in the Russian government. It bears Count Witte's earmarks, hints strongly that the empire is threatened with dismemberment unless the people rally to its support and draws attention to the different character of the representations with which the government is being besieged to quell the existing disorders in the country, some of them complaining of the troops and others of their inaction, some asking for military protection and others for the entire removal of the soldiers.

"Although it is impossible in every case," the note says, "to diagnose the true cause of the conflicts, it is clear that their origin generally is the hostility aroused among the different classes of the population."

"Those who are dissatisfied with the manifesto provoke the indignation of those who received it with gratitude, leading to attacks and counter-attacks, all of which could be avoided if the people only had confidence that the reforms set forth in the imperial manifesto would be executed. Disorders accomplish nothing and only delay the reforms which are designed to give the people a representative assembly in which to settle their differences. The duty of very faithful subjects of the Emperor is to aid in the pacification of the country."

SUPPORT OF PRESS.
"In particular," the note concludes, "the government reckons on the support of the press, which must understand that in this political situation a union of the intellectual forces of the whole nation is necessary."

The tactics of the opposition, according to the Russ, will be peaceable. They will take the form of demonstrations to compel the government to redeem its promises and meet the wishes of the people. The paper claims that even Count Witte falls to comprehend the forces with which he is dealing, "which consists of unions and leagues representing organized distrust."

Continuing, the Russ says: "There are no leaders, and Count Witte's efforts to bring individuals into his camp are therefore unavailing. He summons them under the influence of his personality, they listen but are powerless to reply and when they take back his words to the organizations they represent, the organizations, free from the spell of his magnetism, always return the same reply, that confidence in his word is impossible and that they can trust only in deeds."

COURT REFUSES TO ACCEPT

BOY PUT ON PROBATION AS THERE WAS NO MALICE IN THEFT.

Police Judge Smith this morning refused to accept a plea of guilty from 12-year-old Percy Libbey on a charge of petty larceny. The boy, who resides with his parents in East Oakland, had, in company with another lad, taken a few pieces of lumber from a building in the course of erection to construct a rabbit trap. Before the young hunters had proceeded very far with the lumber, Deputy Constable Murdock espied them and gave chase. The two boys refused to halt at command and Constable Murdock fired five shots into the air.

The Libbey boy then surrendered. He wished to acknowledge his guilt before Judge Smith, but the court refused to entertain the plea.

"I will continue your case one month," said Judge Smith, "but I will not accept a plea of guilty as in event you were charged again the case would be a record against you on what you could be sent to State's prison. There was apparently no malice in your deed and for that reason I will let you go."

REPUBLICANS CLAIM STATE OF NEBRASKA

LINCOLN, Neb., November 6.—The Republican managers declare today that the State is safely Republican, but they urge every voter to go to the polls in order to prevent surprises which might follow a continuation of the apathy which has marked the campaign. Republicans claim the election of Supreme Judge and University Regents by pluralities ranging from 25,000 to 32,000. The fusionists make no claims in figures, but assert that their ticket will have a plurality.

The gift of John D. Rockefeller to the State University, in the form of a two-thirds portion of \$100,000 for the construction of a temple, has been the only issue in the campaign so far as public agitation is concerned, the fusionists insisting that the gift should be returned. Registration in the cities indicates a falling off in the vote, but practically insures the election of the Republican ticket.

TWO RECEPTIONS FOR MRS. MILLS

Two receptions in honor of Mrs. Susan Lincoln Mills, who with her husband, Dr. Cyrus T. Mills, founded Mills College, have been arranged by the board of trustees, the faculty, the alumni and students of the institution. The receptions will be in honor of her eightieth birthday anniversary. The first will be held at Century Club Hall in San Francisco on November 17, and the second in Lisser Hall at the college on November 18.

MYRON T. HOLCOMB HAS JOINED HIS WIFE

Deserting Sunday School Teacher is Forgiven and Now Lives in the South.

Myron T. Holcomb, a prominent business man of this city who mysteriously disappeared last May, deserting his wife and children, has again returned to his wife, and the couple are now residing in Los Angeles. This information of Holcomb being in Los Angeles is substantiated by A. H. Breed, of the real estate firm of Holcomb, Breed & Bancroft, with whom Holcomb was associated before his disappearance from Oakland.

According to reports, Holcomb returned from Seattle and met his wife and induced her at that time to join him later in Los Angeles. Subsequently the family home was leased for a term of years, and Mrs. Holcomb, with her two children, left for the South, ostensibly to visit relatives.

This reason was given for their departure at the time. It was also stated that Mrs. Holcomb was a nervous wreck, and the only thing that would save her life would be a change of scenery and environment.

Holcomb, who was a Sunday school teacher, fell in love with a young girl, and hounded her for days. His pursuit of the girl resulted in a scandal.

INDEPENDENTS WIN BALL GAME

(BY W. A. DAVIE.)

The Martinez Brothers of Berkeley are now fully satisfied that they are no match for the college. The little college lads have beaten them on three occasions by the scores, 5 to 1, 1 to 0, 5 to 2. The Independents wish to state that the members of the Martinez Brothers' team are among the most gentlemanly fellows they have met on the diamond. Mr. Martinez, the manager, is to be congratulated on having under his management sportsman-like gentlemen.

The game yesterday morning was played on the college grounds, and despite the disagreeable day a good-sized crowd was on hand to witness the sport. Hooper and Helster were the opposing pitchers. The former was given splendid support, while the latter allowed four hits. Burns and Helster got the principal drives, while Roach, the giant third baseman of the Independents brought the crowd to their feet by lining out a two-bagger at a very opportune moment.

HAIR SOFT AS SILK.

New Scientific Treatment Kills Dandruff Grooms Makes Hair Soft.

It is an accepted fact, a proven fact, that dandruff is a germ disease, and it is also a demonstrated fact that Newbro's Herpicide kills the dandruff germ. Without dandruff falling hair would stop, and thin hair will thicken. Herpicide not only kills the dandruff germ, but it also makes hair as soft as silk. It is the most delightful hair dressing made. It cleanses the scalp from dandruff and keeps it clean and healthy. Itching and irritation are instantly relieved, and permanently cured. There's nothing "just as good." Take no substitute. Ask for "Herpicide." Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Michigan.

THIS POLITICAL CAMPAIGN PUZZLES NEW YORK

Remarkable Strength Exhibited by Hearst Proves Surprise to Wise Ones.

NEW YORK, Nov. 6.—Today will witness the closing scenes of one of the most remarkable political campaigns in New York City's history. It has been remarkable in many ways. The variety of sudden, startling moves on the municipal checkerboard have overturned all systems for forecasting the probable outcome.

The two old party organizations have been invaded by a new and great force which under the name of the Municipal Ownership League and with William R. Hearst as its candidate for Mayor, has conducted a campaign so vigorous and so well managed that the city has been astonished at its strength.

HEARST MEETING.

At first it was believed that this movement was one born of momentary excitement and popular clamor due to the insurance revelations, and other causes of public unrest, and that when Tammany Hall swung its great organization into line, the Hearst movement would decline and collapse before election day. This belief has been dissipated. Instead of declining in force, the Hearst canvass wound up last night in a spectacular meeting in Madison Square Garden, with the Garden crowded with every man it could hold, and with many thousands outside unable to gain admission.

The gathering was so great that for several hours the struggling masses of people were barely controlled, and it was impossible for the police to keep the streets open. When Mr. Hearst rose to speak he was greeted with outbursts of cheering that lasted for nearly twenty minutes.

Another incident of the Municipal Ownership League canvass was the calling out of bed of Mr. Hearst at 2 o'clock Sunday morning to speak at a Hebrew hall at the Grand Central palace.

THE OWL DRUG CO.

Tell Why They Endorse Vinol So Highly.

First: Vinol contains in a concentrated form all of the medicinal curative elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil to nauseate and upset the stomach, and retard its work—therefore where old-fashioned cod liver oil or emulsions would do good Vinol will do far more good.

Second: Because Vinol is not a patent or secret medicine; it contains no injurious drugs to react upon the system, and you know just what you are taking, as everything it contains is printed on the back label of every bottle.

Third: Because Vinol acts first upon the stomach, creates a healthy appetite, tones up the digestive organs, purifies and enriches the blood, and in a natural manner health is restored, and strength is created.

Fourth: Since we first put Vinol on the market our admiration for it has been disappointed a customer, in fact, we can truthfully say we never sold a medicine more satisfactory to create strength for old people, weak, sickly women and children, nursing mothers and to build up strength after a severe sickness.

Mayor George R. McClellan, the Democratic nominee for re-election, has based his appeals for votes on his record as Mayor, and the fulfillment of promises he made two years ago. He closed the active work of his campaign at a meeting in the Hippodrome last evening, that building being unable to accommodate by many thousands the throngs that gathered to hear him speak.

The Mayor was enthusiastically greeted by his audience, and later, when Corporation Counsel Delaney asked if "George B. McClellan has not given us a good administration," there was an answering shout of "yes," as the crowd rose and waved thousands of American flags.

IVIN'S CAMPAIGN.

William M. Ivins, the Republican nominee for Mayor, began his campaign with a general feeling in the city that he had no chance to win, but to this he refused to subscribe, and he has gone ahead in a vigorous way, making many speeches and telling his followers that if the Republican vote could be held in line he would be elected, owing to the division of the Democratic vote between Hearst and McClellan. Mr. Ivins was counsel to the Fassett committee which investigated New York City politics more than ten years ago, and has a long record as a worker for better conditions in political life.

FREE LANCE JEROME.

Hardly second to the interest in the Mayorally has been the picturesque canvass of William T. Jerome for re-election as District Attorney of New York county.

At the very beginning Mr. Jerome announced his independence of either of the two great political organizations, having given some offense to powerful members of both, either by his conduct of his office or his public comments upon the methods of political bosses. Rejecting offers of the managers of the Citizen's Union to induce him to run for Mayor, he made the slogan of his campaign independent of the rule of the political boss, declaring that this principle was so great as to completely overshadow himself as a candidate.

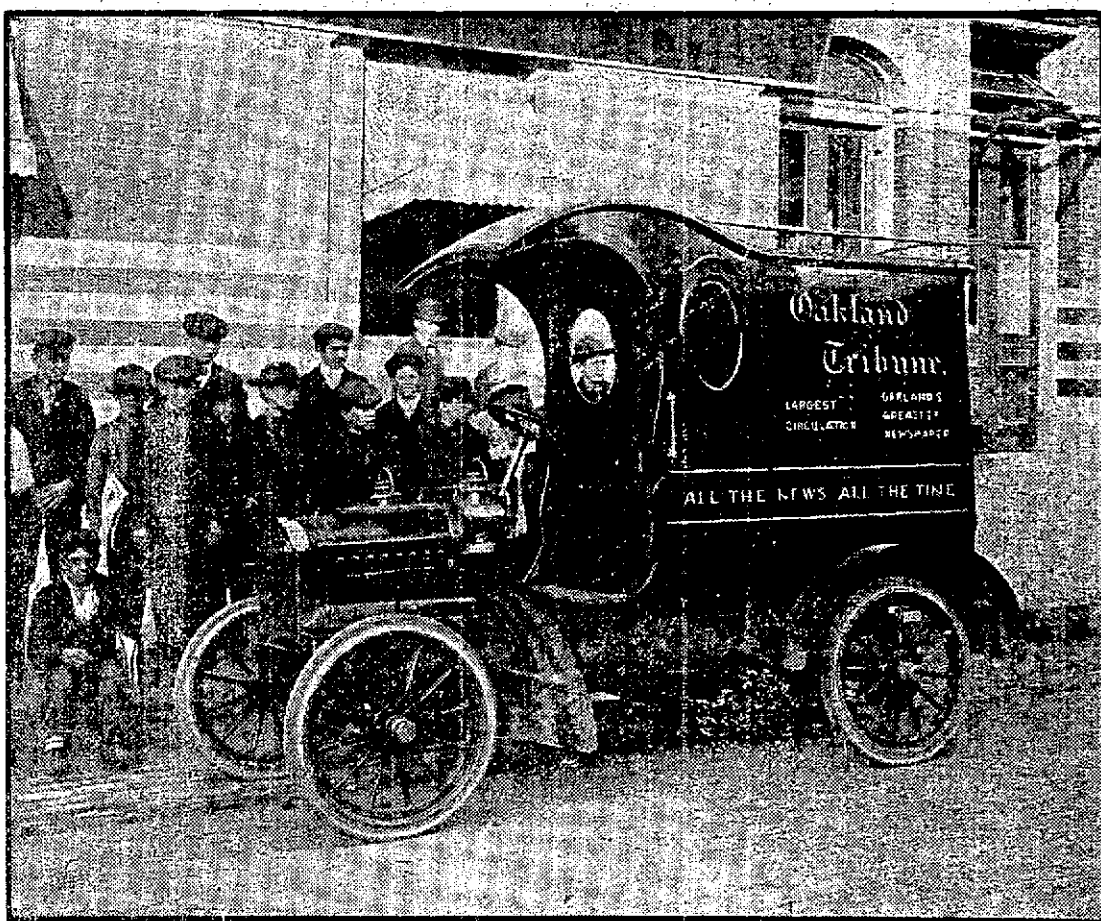

His appeal for the voters to rise against "graft" in public office and his repetition of the question (referring to Charles F. Murphy, leader of Tammany Hall), "Where did he get it?" contributed powerfully to make the cry of honest in politics a clear-cut issue of the campaign.

MISS M'KENNA TO BE A BRIDE

WASHINGTON, November 6.—The engagement was announced today of Miss Marie McKenna, the second daughter of Associate Justice of the Supreme Court and Mrs. McKenna, to Davenport Brown of Boston, son of the late Althea Thayer Brown, whose death occurred last March. No date has been set for the wedding. Mr. Brown is a Harvard man of the class of '01 and belongs to a number of clubs.

A woman's idea of frankness is to have some man tell her how nice he thinks she is.

AUTOMOBILE IN TRIBUNE'S SERVICE

FIRST AUTOMOBILE OF A SERIES ORDERED, WHICH THE TRIBUNE HAS SECURED FOR THE PURPOSE OF SUPPLEMENTING ITS MESSENGER-ELECTRIC CAR AND TRAIN SERVICE IN GETTING THE NEWS TO ITS PATRONS AT THE EARLIEST MOMENT POSSIBLE AFTER PUBLICATION.

Oakland is a city of "magnificent distances" when it comes to covering all sections of it, within about three-quarters of an hour, in the evening after THE TRIBUNE goes to press, so as to place this paper, with the latest news from all parts of the city in the hands of its most distant subscribers in this city before sun-down.

ALWAYS IN THE LEAD.

This is a task which THE TRIBUNE has always performed but it is one that has nevertheless increased in difficulty according as the population has increased, and the inhabited area of the city has been extended.

There was a time when all the carriers of THE TRIBUNE could come to the office of publication for the purpose of getting their papers on their respective routes, but that was before the speediest of perfecting presses were required to strike off the edition and before subscribers occupied the territory between the Bay of San Francisco, the foothills on the north and the section along the Santa Clara county line.

Stations all over the county had to be established at which places a knot of distributors could assemble and be supplied with THE TRIBUNE for their customers.

There are hundreds of these places

maintained all over the country and to them, the instant of publication, THE TRIBUNE has been rushed as fast as fleet messengers, delivery wagons with flying horses, speeding electric cars and trains on all the steam roads could deliver it.

OLD SERVICE UNCERTAIN.

This service, while excellent in itself, was not as perfect as THE TRIBUNE intended it should be because even electric cars are sometimes delayed and horses may be taxed to the uttermost.

AUTO THE THING.

THE TRIBUNE, therefore, saw in up-to-date automobiles the latest and best means of attaining its purpose in this department and has, accordingly, placed orders for a line of the celebrated Olds business automobiles, the first one of which has just arrived and been pressed into service.

This auto is a model of its kind. It has a speed capacity of 35 miles an hour though, it is needless to say it will not be pushed to that limit, save where there is an unobstructed roadway before it.

Even without resorting to that limit, the service of this "auto" has revolutionized the delivery service of bundles at a distance to carriers. The horses, some of which are still tempo-

rarily retained in the service are left behind and the hundred-and-one stops of electric cars are now things of the past.

In the most distant part of the city THE TRIBUNE subscribers are now served with their evening paper as early as are those within a stone's throw of this office and the excellence of this service will be, as speedily as the other automobiles arrive, extended to all parts of the county.

LATER NEWS.

This immediate delivery is of two-fold advantage to the patrons of this paper because it not only gets the paper to them long before the supper bell rings but it also enables THE TRIBUNE to keep its columns open all the longer for news. This is of the greatest interest because, it not infrequently happens, that the greatest news item of the day happens at the moment the paper goes to press.

READY FOR GREATER THINGS.

THE TRIBUNE is determined to reach its readers so as to give them perfect satisfaction and when some other device shall, in this respect, make the automobile a back number, THE TRIBUNE will be among the first to press the new contrivance into service and give its patrons, the benefit which it affords.

CELTS HOLD A PICNIC

SUCCESSFUL AFFAIR IS HELD AT SHELL MOUND PARK.

To erect a Celtic Hall in San Francisco to assist in the upbuilding of its organization, the Celtic Union yesterday held a picnic at Shell Mound Park. Not only was the picnic a success, but it was one of the most successful ones ever held at Shell Mound Park. There was a large attendance and the crowd that went to enjoy the festivities of the day thoroughly enjoyed every minute of the entertainment.

There was a grand ball, and Peter McGilichy acted as floor manager. He was assisted by E. J. McKlein. The floor committee was composed of J. P. Dignan, P. H. Loneragan, Martin Gallagher, Ed. Serben, John Connelly, P. M. Fitzgerald, Thomas Teaney, V. Walsh, Sadie Kerwin, C. Egan, Rose Connelly, M. Callahan, K. Moriarty, J. Reidy, D. Cloherly.

The committee on Gaelic dancing was composed of H. P. Fligate, Professor J. J. O'Connor, E. J. Silver, T. J. Mallot and Joseph Faughran.

Following was the reception committee: J. Mullin, P. H. Flynn, J. P. Moriarty, Steven McGurk, R. J. O'Reilly, W. Murphy, John Deveny, Patrick Crowe, Mrs. James Wren, Mrs. William Molloy, Miss Jose Dillon, Davy Harnedy, John McInerney, James Smith, Joseph Burns, James McDonnell, William Boyle, James McLaughlin, M. J. Fitzgerald, William Murphy, M. J. Pierce, Daniel Fitzpatrick, J. P. Dignan, D. E. Collins, J. P. Maguire, P. B. Mahoney, J. B. Haherty, M. Donohoe.

Other committees follow: Games—T. P. O'Dowd (chairman), George James (secretary), William J. Fulton, T. J. Mallot, John P. McGuire, T. M. Searey, M. J. Pierce, John Rogers, C. J. Out With the Old Food and in With the New.

They have sensible women in El Reno, Oklahoma. One says: "For 20 years I was accustomed to eat freely of pork, hot biscuits shortened with lard, and a rich diet of every kind, washed down with plentiful strong coffee."

"In time my appetite became fickle and my digestion was almost completely destroyed. "Knowing that the world of absolutely repulsive—thick, muddy and bloated and I was so nervous and cross that I cannot now understand how my friends endured my crankiness, my memory failed, nothing went right with me and life became almost unendurable. Medicine did me absolutely no good whatsoever. I endured this condition for 7 years."

"In January (1904) a friend told me that for several years prior to 1900 she had suffered much as I appeared to be suffering, and that the cause of it was improper food. That when she reached this conclusion she began the systematic use of Grape-Nuts food, with a general course of diet and exercise, such as is recommended in the little book, 'The Road to Wellville,' and was thereby completely restored to health in a very short time."

"Knowing that the world of my friend could be implicitly relied upon, I determined to follow her example. I stopped the use of all medicines at once, made Grape-Nuts food the principal article of my diet, and practiced the course of living enjoined in the 'Road to Wellville,' and all to my great joy and bodily comfort as witnesses."

"My mind became clear and active, and my memory fully restored. "My digestion has been completely renewed, and I am no longer haunted nightly by hideous dreams. "My appetite has ceased to be fickle and capricious, and I am now able to eat and the next voracious and insatiable, but now it is healthy and normal, once more."

"My nerves are steady and strong. "I really believe I am as amiable as any woman ought to be on this earth. I'm glad I'm living. "My complexion has cleared up and is like it used to be when I was a girl. Name given by Postum Company, Battle Creek, Michigan. "The little book, 'The Road to Wellville,' in packages."

PERSONAL ITEMS FROM RUSSELLS

RUSSELLS, November 6.—Mrs. Carlsen of Norway is visiting at the home of Mr. and Mrs. E. Carlsen.

Niels Petersen has entered the employ of McNamara & Smith, draymen of San Francisco.

Mrs. Jens C. Jensen is having a handsome wind mill and tankhouse erected. The work is being done by Mr. Carl Hansen.

Mrs. Wm. Elcher and children of San Francisco are stopping at their home near here, which they have rented from A. Johnson.

M. C. Anderson and family of San Francisco have moved into J. J. Olson's residence. Mr. Anderson will have charge of Mr. Olson's extensive poultry yards located here.

Mr. and Mrs. Woldemann of Contra Costa County moved into their cottage Wednesday, which they have leased from A. Johnson. Mr. Woldemann is an experienced agriculturist and will farm with Mr. George Pestori on shares.

MADERA BUSINESS MAN COMES TO OAKLAND. Mr. J. A. Dyer, a successful and enterprising business man from Madera, has been attracted to this city, believing after thorough investigation that for climate, location and opportunity, Oakland is in the lead. Mr. Dyer believes the business of storing and moving household goods will yield good results to those who give it careful attention with a view of giving the public the best possible service, and has decided to invest money and energy in this business. A modern and commodious brick warehouse will probably be erected by this enterprising concern in the early spring to accommodate their ever-increasing business.

Oakland Ladies Are most cordially invited to step into our store and have a cup of the famous BANDAKELLIE TEA, now being demonstrated at our store, corner of 12th and Washington streets, Osgoods. A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," as they say, and their husbands say so too!

Don't Bar Out Enterprise

It is stated that an ordinance will be introduced in the Council tonight prohibiting the running of traction engines on the streets of Oakland. It is understood that this proposed measure is directed at the Best Manufacturing Company of San Leandro, which makes a specialty of making harvesters and traction engines, for which it is celebrated all over the Pacific Coast.

The Council should go slow in this matter. Nothing should be done hastily or in a spirit of injustice, especially in the way of handicapping an important industry which has made Alameda county famous in half-a-dozen States and Territories. This matter should be carefully looked into before any action is taken.

For years the Best Company has been in the habit of hauling its harvesters into Oakland on traction engines for shipment by water up the Sacramento river and points up and down the coast. Nobody has complained of this, and there is no evidence that the practice has injured the streets. It has undoubtedly made business for Oakland and put money in the channels of local trade. An ordinance of the character suggested would drive the Best Company out of this city and inflict an injury not only on an important industry, but on the general business community.

As we understand it, the Best Company does not desire to haul freight in and out of Oakland or to traverse streets all over the city with traction engines, but it does think it ought to be allowed to haul the harvesters it manufactures on traction engines of its own make, as heretofore, into Oakland for water shipment. This is something to be encouraged, not discouraged and driven away. The Best Company has built up a large and growing industry at San Leandro, and it ought to be encouraged. It certainly should not be handicapped by any narrow or invidious policy indicating a spirit of hostility, if not to manufacturing enterprises in general, at least to this one in particular.

We would respectfully suggest that the Councilmen personally investigate this matter before taking action; let them find out what loads and through what streets the Best Company proposes to haul with traction engines. Incidentally, they would do well to take a look at the Best establishment and ascertain what it is doing to build up the manufacturing industries of Alameda county.

One blast of Roderick's horn might not have been worth a thousand men, but Francis J. Heney's speech was certainly worth a thousand votes to Partridge. It was a talk "with the bark on," and it was undoubtedly the hardest smash delivered by anybody at Schmitz and Ruef. Heney belongs to the class of folk, Jerome and La Follette—fearless, able and thoroughly familiar with the workings of political machines. Heney is fresh from triumphs in the prosecution of official thieves that are not even second to Folk's magnificent record in Missouri. He has focussed the issue in San Francisco as no other man has been able to do.

Why the Interest in City Elections

The absence of sharp division in National politics is emphasized by the overshadowing interest in municipal contests this year. Interest in the State elections is secondary to the local elections in the larger cities, where party lines have to a great extent been obliterated. Public ownership of utilities is responsible in a degree for the party disintegration in the cities and the pronounced interest being taken in municipal contests, but the absence of any vital National issue and the consequent apathy of partisanship have contributed still more to first place in public attention being given to city elections.

The elections in New York, Philadelphia and San Francisco tomorrow will bring to a close the most exciting municipal campaigns in years. Of lesser but still large interest will be the elections in Cincinnati and Louisville. In all of these cities there is a fight to break the power of political bosses and overthrow machines dominating through the skillful employment of patronage and abuse of the discretionary powers of local government. In Boston alone there is a straight party fight and nobody outside or inside the city takes deep interest in it.

In New York William R. Hearst is making a hurricane fight against the two regular party machines, and it would not be surprising if he should win notwithstanding the matchless organization of Tammany and the clean administration and attractive personality of Mayor McClellan. The voters there are fully aware that the election of McClellan means the continued domination of Boss Murphy and that a Republican victory would turn the city over to Boss Odell. Besides, Hearst is recognized as the only Simon-pure municipal ownership candidate.

In Philadelphia a citizens organization under the leadership of Mayor Weaver is making tremendous efforts to overthrow the old Durham-McNichol-Martin-Quay Republican machine, which has controlled the city with casual interruptions for two generations and made its politics a stench in the nostrils of the Nation. It is a fight of the people against a corrupt machine run by bosses in the interest of grafters.

In Louisville the Republicans and reform Democrats are running a fusion ticket, headed by a Democratic candidate for Mayor, against the Democratic machine ticket. Here again, as in Philadelphia and San Francisco, the contest is between the better elements of society against the forces of misgovernment and graft. In Cincinnati a less hopeful, but still energetic, fight is being made to down the corrupt machine of George B. Cox, who controls the Republican party of the city as absolutely as Charles F. Murphy does Tammany Hall in New York. Secretary Taft's denunciation of the Cox machine in his Akron speech has given much encouragement to the advocates of civic decency.

The President's call to righteous citizenship has had a stirring effect all over the country, stimulating the forces of good government and provoking resistance to long-standing abuses and the sway of bosses who are in politics for what there is to be made out of it. Everywhere the bosses are being given the fight of their lives, and it is not outside the bounds of possibility that bossism may be overthrown in everyone of the large cities holding elections tomorrow.

Complaint is now made that the Metropolitan Museum of Art, New York City, is being "Morganized." It is alleged that J. Pierpont Morgan is running it to suit himself, and that what he says goes regardless of the canons of art or the opinions of art critics. The charge amounts to a statement that the museum no longer exists for the sake of art, but for the fads and glory of the uncouth rich. It is a pity if it be true, for if art in the United States is to become the sport and whim of tyrannous wealth, inflated with a sense of its own importance and aggressively vulgar in wielding the power its possession confers, the development of true art in this country must be greatly retarded. We have seen plutocracy commanding our universities, as the price of its favors, to teach what it desires should be taught. Are our art organizations to fall under the same baleful and blighting influence?

Issues in Four State Elections

In only four of the State elections tomorrow is there any general interest. The election in Virginia is chiefly worthy of attention because the Republicans there have virtually discarded the negro and are making a fight to elect a white man's ticket on a white man's platform. The outcome is admittedly in doubt, and the election of former Chief Justice Lewis is quite likely. Should this occur it would be significant because of the practical acquiescence of the Virginia Republicans in the disfranchisement of the colored voters.

In Maryland interest centers around the adoption of the constitutional amendment which aims to disfranchise colored voters. All signs point to its defeat. The Democratic machine will sustain a severe shock if it is voted down by a considerable majority. The election for State Controller and members of the Legislature is a minor consideration entirely. Secretary Bonaparte's active leadership of the opposition to the amendment gives the Maryland campaign some National significance.

The vote in Ohio will be watched with close attention. Governor Herrick, who is a candidate for re-election, is a relic of the Hanna regime, but his chief sponsor on the stump is Senator Foraker, who directly antagonized the President's railroad policy in his Bellefontaine speech opening the campaign. Senator Dick and the Hanna following also oppose the President's rate-making program, which was outlined and warmly championed by Secretary Taft. The Democrats have unreservedly endorsed the President's policy, and are making their fight on the theory that the election of Pattison, the Bourbon nominee for Governor, will be an endorsement of Roosevelt. Senator Foraker claims that the defeat of Herrick would be tantamount to a vote of no confidence in the National Administration. He is also a friend of the Cox machine which Secretary Taft repudiated with scorn as unworthy the support of decent men of any party.

In Massachusetts the situation is peculiar, because it is likely that the Republican candidate for Lieutenant-Governor will be defeated on the free raw materials issue. Eben Draper, the nominee in question, is a representative of the Boston Home Market Club, an organization that stands pat on the tariff. Curtis Guild, the Republican candidate for Governor, is a half-and-half tariff revisionist, and being personally popular, is expected to be elected by a comparatively small majority. There is a formidable movement on foot among Republican voters with free trade leanings to defeat Mr. Draper, however, as a rebuke to the Home Market Club and as an expression of Massachusetts' sentiment regarding the tariff. The election of Guild and the defeat of Draper, therefore, would have a significant bearing on the tariff issue, just as the defeat of Herrick in Ohio or his re-election by a small plurality would be significant as regards the railroad rate issue.

The news from Russia carries one back to the frightful butcheries and horrible tortures of which the early Christians were the victims. Yet the hideous atrocities perpetrated on the Jews in Russia are the work of so-called Christians. The Kishineff horror has been outdone at Odessa, and the barbarous Turk has been beaten in his chosen field. Lust, venality and race prejudice have gone hand in hand with bigotry, superstition and intolerance in a riot of rapine and slaughter that happily has had few parallels in history.

The citizens of San Francisco will vote on a high license proposition tomorrow, the question of increasing liquor licenses having been referred by the Supervisors to the decision of a popular vote. While it has not been made a party issue in the campaign, the Schmitz following generally is opposed to high license, while the fusionists as a rule favor it. The clergy of all denominations have vigorously advocated the change. Archbishops Riordan and Montgomery have both championed it warmly, and the Catholic clergy of the city have done likewise. So have the Protestant ministers, with the exception of those who advocate Prohibition. Beyond expressing themselves on the license question, the Roman clergy have not discussed politics in addressing their congregations, while the Protestant ministers have united in denouncing the Schmitz administration. Therefore, it would not be surprising that the proposition should carry, even if Schmitz is re-elected.

OPEN MEETING OF CARPENTERS

ADDRESS IS TO BE MADE TUESDAY BY PROMINENT LABOR MAN.

An open meeting of carpenters will be held in California Hall, 1015 Clay street, Wednesday evening, November 8th at 8 p. m. This meeting will be addressed by Bro. John W. Clayton of Pennsylvania, a delegate to last convention of the U. B. C. J. of A., in Milwaukee, and an ardent champion of organized labor. As his remarks will be on a subject of vital importance to all members of the craft, a large attendance is desired. Archie Areson, secretary.

AMENDMENTS.
The following amendments have recently been added to the C. L. C. Constitution and by-laws:
"Any member or members of any subordinate union circulating or causing to be circulated in any way malicious or untrue statements reflecting upon the standing or character of the Central Labor Council, or of any officer or member of the Central Labor Council, or of any subordinate union, shall be deemed guilty of un-American conduct, and upon conviction before a trial board, shall be suspended or expelled as two-thirds of the members shall determine."
"It shall be the duty of the executive committee of each subordinate union to investigate and prosecute all violations of this law. It shall be the duty and it is hereby imperatively ordered that any subordinate union, renders them liable to suspension or expulsion."
"At printing of the Central Labor Council shall bear the label of the Allied Trades Council of Oakland."

ELECTRICIANS.
Twenty-one local are affiliated with the Pacific Coast Council of Electrical Workers. Sixteen of these sent delegates to the recent Louisville convention of the International Brotherhood of Electrical Workers. Since the convention the Pacific Coast Council has been in session. Among other things it was decided to make a more active campaign to that end the American Federation of Labor will be asked to appoint N. S. Culver, of Los Angeles Union No. 11, to the vacancy of organizer existing in Southern California. In addition Grand President McNulty, of the International, will be requested to appoint W. E. Kohn, local organizer for the Brotherhood of Electrical Workers at Los Angeles and later have him visit Oregon and Washington. At the meeting the new wage scale secured by the Council for all members working for the California Gas and Electric Company was favorably considered. The Council will endeavor to secure a satisfactory wage schedule and general agreement from the Home Telephone Company.

The success of the Pacific Coast Council has stimulated other sections of the craft to follow in its lead. The Council elected the following officers: President H. L. Worthington; secretary-treasurer, J. L. Cook; executive board—W. E. Macdonald, J. P. Brownell, W. W. Moran, C. F. Canfield, P. O. Hutton and J. E. Baker.
The organization of the electrical workers around No. 6 I. B. E. W. includes three sub-unions Nos. 1, 2 and 3. No. 1 sub-union includes all general electric workers in Alameda, and Contra Costa county who belong to No. 6 men who have served the three years' apprenticeship and received the general union's examination for position in the trade as workers at any kind of electrical wiring. No. 2 is composed of marine electrical workers only. No. 3 of apprentices only, and the general electric workers on the San Francisco side of the bay belong and may dues directly to No. 6. The sub-unions are merely administrative departments of No. 6.

SMALL FIRES IN VARIOUS PLACES.
Accompanying the high wind of Sunday were a number of small fires.
One in Fruitvale destroyed a barn and some outbuildings on Nicol avenue.
Another cleaned out the brush from the creek in San Leandro, and destroyed S. H. Huff Sr.'s chicken house. For a while there was a very warm and exciting time, but good work by the fire department kept the fire in check.

A THOUGHT OF THEE.

Often at night amid the glittering ball
A thought of thee comes to me, and I turn

From where the bright lights of the
ballroom burn

To seek some spot where only moon-
beams fall;

And for a thought of thee—for thou
wert all

My spirit sighed for in its manifest
mood,

And as I saunter in the solitude
Our dream of love, so hopeless, I recall,

And then I seek no more the reveling
throng,

Seek not to gaze on beauty nor to hear
The music of the dance, but, until clear

The sky is of all shades, I steal along
The shore, where morn, emerging from

the sea,
Finds me still haunted by that thought

of thee!

OTHER PEOPLE'S WAYS.

Dr. David Starr Jordan of Leland Stanford University, says: "Two great weaknesses are evident in the English university system, one of the prevalence of sinucures. Half the men supposed to teach or conduct research do nothing of the kind. The other weakness is the dominance of the examination. English higher training is largely a matter of words and words. The men are without power to adapt themselves to new conditions. This is the secret of the success of American engineers in London. They are ready for whatever turns up, not for the particulars of problem it has taken three months to cram."

History has been repeating itself on the Bendigo gold field in Australia. A young man named George Washington was brought before the local bench on a charge of "illegally cutting timber on crown lands." Following his great namesake, he pleaded guilty. The chairman of the bench thus addressed him: "Even though your name be George Washington, you have no right to go into another's orchard and cut down trees, even though they be not cherry trees. You will be fined 3 pounds (\$15), with the option of twenty-two days' imprisonment."

There is an active Society for the Prevention of Cruelty to Animals in the imperial city of Rome. Its officers report that during the first eight months of the present year 4,960 eliks, thongs and other "instruments of torture" were confiscated; 16,489 vehicles were stopped by the society's agents, who shifted or lightened their load or insisted on the employment of an additional horse, and in 537 cases prosecutions were undertaken.

MANY DATES PREPARED FOR SMART SET

SOCIETY PEOPLE ARE BUSY

Entertainments Are Planned For the Brides-Elect.

A number of fair brides-to-be are claiming the social favors this week, and among the pleasant affairs planned is the elaborate tea which Mrs. Arthur Kelley will give on Friday for Miss Jessie McNab, of San Francisco.

The tea will be given at the Kelley home in Piedmont.

The guests will include about 150, and assisting Mrs. Kelley will be her mother, Mrs. H. T. Lally, and Mrs. Henry Lund, Miss Fae McNab, Miss Hoffacker, Miss Evelyn Hussey, Miss Norma Castle, Miss Irene Bangs, Miss Kittle Kutz, Miss Edith Kelley, Miss Marion Kelley.

Miss Helene Robson will entertain next Thursday at an elaborate luncheon at the Palace for Miss Edith Downing, who has been the motif for several pleasant affairs.

Mrs. Frederick McLeod Fenwick was hostess today at a bridge party complimentary to Miss Ethel Cooper, who leaves shortly for an extended Eastern trip.

DID NOT RETURN.

Mrs. Thomas Magee Jr., who has been in New York for several weeks, did not return with Mr. and Mrs. Valentine Hush, but remained in New York, where she will be joined in a few days by Mr. Magee, who starts East next week.

P. L. P. CLUB.

Next Friday evening an interesting program is planned for the members of the Palette, Lyre and Pen Club, and their guests. Unique invitations on brown paper read as follows:

"From Mrs. Zoo Green Radcliff to Mr. —

You are cordially invited to a Party at the home of the Palette, Lyre and Pen Club, 462 and 1-2 Thirteenth St., Friday night, Nov. 10th.

Please answer."

A CARD PARTY.

Miss Anita Putzler was hostess Saturday at an enjoyable card party given at her home on Telegraph avenue. Five hundred were the guests, and the prizes were carried off by Miss Elma Korbel, Miss Ella Clark and Miss Margaret Clausen.

Among the guests were: Misses Katherine and Bertha Brehm, Margaret Clausen, Alice Jones, Thyra Kinwel, May, Marguerite and Jean Kennedy, Alice Rising, Olga, Martha and Elma Korbel, Mariette Edwards, Ivy Johnson, Olga von Reppert, Ella Clark, Anna Thilo, Lenora Walte, Helen Grover, Ethel Prabel, Lellia Leonard, Dove, Anna Whitley Shafter, Helen Wright, Jessie Raine, Mary Mansfield and Florence Putzler.

HOME PARTIES.

Miss Gretchen Rohrbacher was the hostess Thursday at a very informal evening "at home." Music and games were played after which a supper was served. Those present were: Mr. and Mrs. Brockhouse, Misses Eda Nordhausen, Bertha and Della Kipke, Clara and Eda Theiss, Hermine Blohm, Freda Grother, Lillie and Ethel Clausen, Minna, Jennie and Freda Looser, Anna Meese, Augusta Hinrichs, Hertha Rohrbacher, Messrs. Arthur Richter, Henry Rudy, Walter Druhe, Rudolph Druhe, John Campe, Albert Theiss, Max Joehner, Fred Schmitz, Walter Hufschmidt, August Nor, Carl Theiss, Louis Nordhausen and the hostess.

The Misses Cardwell gave a pleasant party last Tuesday evening at their home on Brush street. Among those present were Misses Maria Gill, Gladys Hemming, Mildred Trudell, Oliver Mann, Olivia Gill, Cora Slusher, Eunice Marr, Eleanor Marr, Grace Gill, Dorothy De Kasia and May and Pearl Cardwell. Messrs. White, Dee Linebaugh, Ernest Orton, Michael Crete, Fred Bigelow, George Mann, Arthur Jackson, Stewart Campbell, Mr. Warburne, Mr. Marr, Mr. Markham and many others.

FABIOLA SALE.

The annual rummage sale for the Fabiola hospital takes place on

MISS EDITH DOWNING, A NOVEMBER BRIDE-TO-BE, WHO IS THE CENTER OF MUCH ENTERTAINING.

Broadway, near Sixth street, today, Tuesday and Wednesday. A fine assortment of garments are on sale and further donations are solicited since the demand has been so great for the articles on display.

Among those in charge of the sale are Mrs. John Yule, Mrs. George W. Dornin, Mrs. Q. A. Chase, Mrs. Shuey, Mrs. S. A. O'Neill, Mrs. Blanchard, Mrs. A. Wilson, Mrs. J. P. H. Dunn, Miss Claire Chabot, Miss Christine English, Miss Helen Dornin, Mrs. Robert Knight, Mrs. McChesney and many others.

HONORED GUESTS.

Mrs. Fred Henshaw gave a luncheon recently at the Marie Antoinette, complimenting Mrs. William Dunn and Mrs. Pettigrew of Los Angeles. Those who enjoyed the luncheon and game of bridge which followed were: Mrs. Frederick Palmer, Mrs. G. A. Boyer, Mrs. Zook, Mrs. William H. Morrow, Mrs. G. L. Lansing, Mrs. E. G. Rodolph, Mrs. Allender and others.

DINNER GUESTS.

Mr. and Mrs. H. A. Fietner of Fruitvale, celebrated the fortieth birthday of the host recently with an elaborate dinner party. Several valuable gifts were presented to Mr. Fietner.

The guests present were: Mr. and Mrs. A. Lorschbach, Mr. and Mrs. Ruffa, Mr. and Mrs. A. H. Agord, Mr. and Mrs. Ploger, Mrs. Vickery, Miss Mary Teede, Master Thomas Lorschbach and Miss Lorschbach, Mr. and Mrs. Franz Lorenz, Miss Alma Lorenz, Master F. Lorenz and Miss Kovarik.

LUNCHEON AND BRIDGE.

Mrs. Fred Green was hostess Saturday at a pleasant gathering at the Claremont Country Club. Luncheon and bridge in the afternoon with dinner in the evening furnished a delightful day.

Mrs. Green's guests included Mrs. Henry F. Dutton, Mrs. Fred Fenwick, Mrs. H. M. A. Miller, Mrs. Samuel Pond, Mrs. Edward Pond, Mrs. Henry Clarence Breaden, Mrs. Jules Britt and others.

SOCIAL DANCE.

Company F, Fifth Regiment, N. G. C., will hold their regular monthly inspection and dance this evening at the Armory, Maple Hall.

Invitations can be procured from the members. The company will hold their twenty-ninth anniversary ball Tuesday evening, November 21. The committees have been appointed and are working for the social success of the affair.

RECEPTION AND CARDS.

Mrs. William A. Schrock and Mrs. J. Walter Scott, assisted by Mrs. M. J. Layman and Mrs. H. B. Mehrmann, will entertain tomorrow at a tea to be given at Mrs. Scott's home, 188 East Twelfth street. The proceeds of this reception will be devoted to the needs of the West Oakland home. Five hundred will also be played during the afternoon, and the hours are from three o'clock until five.

ELABORATE AFFAIR.

Mrs. George M. Shaw has sent out cards for one of the elaborate affairs of the season to be given Thursday afternoon, November 18, at her attractive new home on Prospect Avenue.

Several hundred cards are out, and a large receiving party will assist Mrs. Shaw in entertaining her guests.

Those who will receive include Mrs. L. H. Porter, Mrs. V. W. Gaskill, Mrs. Newton Koser, Mrs. Vernon Waldron,

Mrs. Roy McCabe, Mrs. James Shepard Jenks, Mrs. Harold L. Martin, Mrs. E. D. Yorker, Mrs. James A. Johnson, Mrs. Frank T. McHenry, Mrs. George W. Klipp of San Francisco, Mrs. T. Gayles, Mrs. J. P. Winchester, Miss Ethel Johnson, Miss Carita Moore, Miss Isabel Scupham, Misses Heier and May Shafter.

AT LUNCHEON.

Miss Jessie Fox will entertain next Thursday at a luncheon to be given at her home on Madison street. A dozen guests have been invited and a game of five hundred will follow the luncheon.

AT DINNER.

Mrs. Albert Miller was hostess recently at a jolly dinner given at the Claremont Country Club. The guests included Mr. and Mrs. George W. McNear Jr., Mr. and Mrs. Edward Lacy Brayton, Mr. and Mrs. Harry East Miller, Mr. and Mrs. Philip B. Bowles, Miss Amy McKee, Miss Elizabeth McNear, Miss Annie Miller and Sam Bell McKee, Horace Miller, Paul Miller, Vail Bakewell and several others.

EBELL CLUB.

The Ebell calendar for November contains the following dates of interest:

On Thursday, November 7, the regular business meeting will be held, when a proposition from the Ebell Building Association will be presented for the consideration of the club, and all members interested in the building project are urged to be in attendance. There will also be an election of six delegates and six alternates to the meeting of the Alameda district of the California Federation of Women's Clubs to be held at Niles on Friday, November 17.

The regular monthly luncheon of the club will take place Tuesday, November 14, with Mrs. Louis Ghrardell as presiding hostess. A delightful musical program, under the direction of Mrs. Harry P. Carlton, will be given during the afternoon, at the close of which an informal reception will be held in honor of Mrs. Josiah Evans Cowles, president of the California Federation of Women's Clubs, and visiting club president.

On Tuesday, November 21, Mrs. McVinn has arranged for a most interesting address to be delivered by Hon. Wiley L. Ford, on "The Law and the Lady."

On Tuesday, November 28, a Shakespearean program will be presented by the Shakespeare section, of which Mrs. J. R. Scupham is the curator, as follows: Songs by Mrs. Frederick S. Stratton, (a) "Orpheus With His Lute," (b) "Henry VIII" (Charles Manney); (c) "Hark, Hark, the Lark," "Cymbeline" (Harvey Worthington Loomis); (d) "Under the Greenwood Tree," "As You Like It" (Frederick Ayres Johnson). An original sketch, "When Mr. Shakespeare Comes to Town," characters, choruses, etc., will be rendered by members of the section.

The Luncheon Decorative Committee consists of Mrs. Harmon Bell, Mrs. W. S. Phelan, Mrs. C. W. Randall, Mrs. W. E. Sharon and Mrs. J. C. Richards.

Included in the Auditorium Decorative Committee are Mrs. E. A. Heron, Mrs. George Bornemann, Mrs. Charles H. Lovell, Mrs. A. T. Eastland and Mrs. E. C. Farnham.

CORSET IS ONLY GARMENT HEALTH DEMANDS

LONDON, Nov. 6.—Age cannot wither nor custom stale the infinite variety of the inimitable Laboucaire. His latest is a defense of corsets—says, he calls them—the denunciation of them by the Congress of Progressive Women giving him the opportunity.

"There is," he said, "a great deal of futile nonsense talked about stays. I believe that stays are essentially a hygienic garment. Not only do they give useful support to the figure, but they protect all the vital organs against cold. Look at the way women go about at night with bare chests and shoulders. Look at the 'pneumonia blouses,' high has never caused a sneeze, so far as I know.

"Look at the filmy garments women go about in, regardless of weather and temperature, and then compare them with what men wear. Look at the way our grandmothers dressed in their youth—from their chins to the soles of their feet. How is it that women can do all of these things with impunity?—because of their stays. I have often thought," he adds, "of getting a pair myself—not for the sake of appearances, but in order to enable me to dispense with an overcoat, and possibly other garments. If you had them lined with flannel I do not know that you need wear anything else, except, of course, for decency and ornament."

"I firmly believe the only place where a man or woman really wants clothing is the small of the back—the place where you put a horse cloth when your animal is standing in the rain. With a few thicknesses of stuff around that part of your anatomy you can defy anything but propriety and convention. Fortified by stays, some women even manage to defy these."

One doesn't know whether he is in earnest or merely joking about the matter. It is left to the progressive women of America to find out.

SCANDAL IN DOWIE'S ZION; GIRL AND MAN LEAVE STRANGEY

CHICAGO, Nov. 6.—Scandalous gossip has crept into Zion City, the model town of Apostle John Alexander Dowle. A nineteen-year-old girl and a married man have left the city at times so close together that Zionist Mrs. Grundy wags her head.

It has been made subjects for prayer at Shiloh Tabernacle by Overseer Brasfield. The overseers, elders, deacons and other officials of the church are guarding the details zealously, and some of them even have denied that any one had disappeared.

But one of the Zion guards said he had heard the report, and that the young woman formerly worked in the lace factory.

Overseer Brasfield, immediately following his prayer for the recovery of Mr. Dowle, prayed for the return of the young woman to her family. This was followed closely by a petition for the return of the married man to his family.

"And we pray, too," he said, in part, "to bring thy great love to bear upon the heart of this wayward girl who has departed. May she see the light which led the wise men to the feet of our Lord. Grant that she may see her error and return to her mother, who is grieving for her."

"And we beseech thee," he continued, "to influence the husband to come back to his family, to return to the sacred duty of fatherhood—and the great responsibility that devolves upon him."

If Dr. Dowle had been at the service it is possible that the prayer would not have been made. He has been known to predict that none who leave Zion would ever get to heaven.

"Many a bitter tear," he said recently in Shiloh tabernacle, "I have shed over those who were so foolish and so wicked as to go away by themselves on the great ocean, and cry as they went, 'Good-bye, Zion! Good-bye! We are going to steer our own little boat in our own way.' We are not surprised to hear that when the winds swept the ocean and the poor wretched creature in his poor little shell cried, 'O Zion, take me back! O God, take me back to Zion,' there was no voice that answered."

They stood the evening pretty bravely, but the next morning suspended a banner over the main entrance labeled: "Alma College Beanyery." Things are now in suspense, and even the co-eds show signs of resentment.

Even the man who boasts at superlativeness is apt to refer to some of his acquaintances on a Friday—Chicago News.

FURY MUST DECIDE MOST NOVEL QUESTION

SEATTLE, Nov. 6.—For the first time in the courts of the State, or probably anywhere else, a jury is being called in Judge Albertson's department of the Superior Court to decide whether or not a man is entitled to break a promise of marriage because he discovers his fiancée is affected with consumption.

This question is the chief one that arises in the case brought by Rosa E. Grover to obtain \$25,000 damages from Mayor James E. Zook, of Ballard, for his failure to marry her after they had become betrothed. From a legal and a medical point the jury will hear some novel questions threshed out.

Zook admits that he promised to marry the woman and declares that he would have kept his promise had it not been for the fact that he discovered that she was affected with tuberculosis. When he made this discovery he alleges that he persuaded her to go to

Arizona in an attempt to regain her health. Part of the expenses of this trip Zook asserts he bore. When she returned in a still diseased condition he refused to marry her. Suit for breach of promise followed the refusal.

The Mayor of Ballard maintains that many of his relatives have died of the disease and that he has seen it work its awful ravages so often that he has an intense dread of it. To be compelled to associate with, live in the same house and eat food cooked by one whom he knew to be affected, Ballard's chief executive contends, would make his life miserable.

Zook, under the advice of his counsel, takes the position that he had a moral and a legal right to refuse to marry the woman when he discovered that she was suffering from tuberculosis.

The question from a legal standpoint is a new one. The girl's counsel takes the position that the fact that the girl had or now has consumption

is no legal defense for Zook's action in jilting her. The plaintiff through her counsel contends that the disease is not contagious and with proper sanitary precautions on the part of the victim of it that there is no danger of infection to a sound person because of association.

Zook's attorneys take the opposite view of the matter. Much medical testimony will be introduced in an effort to settle this point, upon which medical opinion appears to be divided.

The case will probably occupy several days. The fight between counsel on the legal phases of the case will be protracted.

Zook, through his counsel, asked the court to compel the girl to have an X-ray photograph taken of her lungs. It was argued that the radiograph would show that her lungs were still diseased. Judge Albertson, however, held that there was no legal sanction for such a proceeding and refused to grant the order.

BABY BORN WITHOUT THROAT IS FED BY POLITICS

CINCINNATI, Nov. 6.—Medical science has a stupendous task before it in trying to rectify an error of nature which occurred in the birth of an infant daughter of Mr. and Mrs. H. C. Bryant of No. 2212 Kemper lane, about ten days ago. When the child was born it was as well formed, apparently, as any that bless the family hearth.

It was only when the infant was to be fed and the food that it took into its mouth was rejected that a startling discovery was made. Dr. I. D. Jones was called, and to his consternation found that the little one came into the world without an esophagus or food channel.

It can well be imagined that this discovery was only made after careful and minute examination, and as established it proves one of the most remarkable cases on record. The pharynx and larynx are perfectly normal, and the child breathes as naturally as other children do, but as soon as food was administered it failed to pass.

Since the discovery was made the little one has been kept alive by feeding it artificially, one course of treatment being literally saturating the body with cod liver oil, which is absorbed by the skin. It is not thought the child can live many days, but in the interval the attending physician is straining all his energies to keep it alive.

ALMA ANGRY OVER BAN ON COLLEGE COURTSHIPS

ALMA, Mich., Nov. 5.—The faculty of Alma College recently surprised the students with a new rule attached to an already extensive code of regulations, which was a direct blow at the intensely American custom of "setdying," so prevalent in every college. A month of testing has been sufficient to show the faculty that they broke a privilege which was most heartily enjoyed by the men and co-eds alike, for opposition from all sides has been openly manifested. The first few days were a continuous round of harsh criticisms of the official's actions regarding what they called a "social menace."

And the more it dawned upon the men of the institution that it was rather hard to be denied the pleasure of meeting one of the fair sex only "once a week," the more they rebelled.

It was proposed to call a strike, no fellow to be present at the usual Friday evening party given at the ladies' dormitory, Wright Hall, where the young men and women are permitted to talk with each other and try to be pleasant, with the careful eyes of several women of the faculty riveted upon them. It looked for a while as if this party would be bolted entirely, but the plan fell through for fear the "non-uniformists" would get a monopoly on the fair co-eds, while the rest were battling for a principle.

So two Friday evenings passed with the usual largely attended receptions. The third brought the climax. The young men went to the party to find they were to be entertained by a little give-and-take game of beans.

They stood the evening pretty bravely, but the next morning suspended a banner over the main entrance labeled: "Alma College Beanyery." Things are now in suspense, and even the co-eds show signs of resentment.

MRS. DUKE FORCES HIS BEAUTY DROVE HUSBAND TO SHOW WHERE HE LIVES

TRENTON, Nov. 6.—Vice-Chancellor Emery has granted a rule requiring James B. Duke, the millionaire tobacco manufacturer, to show cause in Newark next Tuesday why his suit for divorce against Mrs. Lillian N. Duke should not be dismissed.

This order together with a petition from Mrs. Duke were filed here today by her counsel, Chauncey P. Parker, of Newark. The petition is in the nature of an answer to her husband's suit and contests the jurisdiction of Chancery, claiming that neither she nor her husband is a resident of New Jersey.

Mrs. Duke denies improper conduct with Frank T. Huntoon, the New York clubman, who was named by Duke in his suit.

On the question of jurisdiction, Mrs. Duke says that her husband maintains a large stable at No. 80 West Sixty-sixth street, New York, over which is a handsome suite of rooms which he occupies. Before her marriage, she says, Duke remained in New York on an average of five nights a week, and that his handsome estate in Somerville, N. J., is "fictitiously called his home."

"This place," says Mrs. Duke, "is a gentleman's plaything, which Mr. Duke actually visited no oftener than once or twice a week."

She alleges that he claims to have his domicile in New Jersey so as to escape New York's heavy taxes. Mrs. Duke concludes that Duke is not a bona fide resident of New Jersey and therefore his bill should be dismissed.

Should the Court decide on Tuesday that it has jurisdiction, it is likely Mrs. Duke will file a more detailed answer dealing directly with the charges against her concerning her conduct with Huntoon.

STABBED 4 TIMES IN SHIELDING HUSBAND FROM 4 MEN

LOS ANGELES, Nov. 6.—The life of Senon Garcia, employed by the Pacific Electric Company at the grading camp at Cerritos, near Compton, was saved last night through the heroism of his wife, who was stabbed four times by an enraged Mexican, who, with three others, had attacked Garcia because he refused to drink with them.

Garcia also was stabbed in the face, but only slightly injured, as his wife leaped between the fighting men after the first blow was struck. The injured persons were sent to the Receiving Hospital, where an examination showed the woman was suffering from a two-inch stab wound across the face, a deep wound in the right shoulder, another in the left breast and a fourth in the left arm.

After stabbing the woman several times the men beat her over the head with a stick of wood. She was unconscious when picked up by railroad employees.

Detective Tom Quinn arrived at the grading camp a few minutes after the fight occurred. The man who did the stabbing had escaped.

At the Receiving hospital Garcia was able to give a good description of his assailants.

STEEL CARS.

The fact that the Pennsylvania railroad has ordered 1,500 steel passenger cars for use on its lines marks a new condition in railroad equipment. It must be that the company thinks the superiority of steel cars has been demonstrated. But still there will be risks enough in case of collision. They will bend and double together, and any passengers so caught would be more securely confined than in a wood car, which can be broken up with saws and axes, as a steel car cannot.

HIM TO DESPAIR'S VERY DEPTHS

SEATTLE, Nov. 6.—Last week Mr. Harold Joseph Curtin was a happy man, but now Mr. Harold Joseph Curtin is seriously contemplating the other world in order to escape his many troubles. The cause of Mr. Harold Joseph Curtin's depressed state of mind is the inevitable woman, only in this case her name is legion. It is the same old story of the happy Eden in which Eve brings in the seed of trouble, and now Mr. Harold Joseph Curtin bewails the loss of his peace of mind and incidentally many happy hours.

Mr. Harold Joseph Curtin's troubles came about in the following manner:

When the steamer Princess Victoria sailed last night she carried a bevy of the fair sex that jarred the tender heart of Mr. Harold Joseph Curtin. As he walked round the gilded saloon, ablaze with its thousand lights and sparkling mirrors, an inspiration came to his fertile brain.

"To think," thought he, "that all these angelic creatures are sitting around in prosaic attitudes when they might be displaying their charms for the uplifting of the male population on board the steamer. We will hold a beauty contest," thought he, "and the handsomest woman on board will be decided by vote and given a prize."

To think was to act with Mr. Harold Joseph Curtin, and he quickly had the fair sex agog with the idea. But Eve admires Adam more than another Eve, so the fair ladies determined to hold a beauty contest to determine which was the handsomest man!

The ballots were secretly arranged and as secretly placed in the hat, and when the teller slowly and solemnly drew the ballots from the hat every one was breathless with excitement. Who would be the fortunate man?

The first name read Mr. Harold Joseph Curtin, the next ditto, and the next the same and so on for about 109, when the teller threw up the sponge and announced that the popular Seattleite, Mr. Harold Joseph Curtin, had been unanimously elected and was adjudged to be the handsomest man on board. A wild cheer from the fair ladies and a rush to congratulate the handsome gentleman followed. He was pulled, he was mauled and pieces of his coat, hat, shirt, hair and other portions of his clothing were taken as souvenirs of the occasion, and when Mr. Harold Joseph Curtin was finally extricated from heap with a crowbar and a towing cable he was far from being the handsomest man on board.

That is why Harold is no longer happy.

FOOTBALL GIRL DIES AS RESULT OF INJURIES

ECKART, Md., Nov. 6.—Miss Bernadette Decker, eighteen years old, daughter of Magistrate Edward Decker, Democratic leader in Eckart, died this morning from a malady of short duration resembling malignant peritonitis, resultant from injuries received in a game of football played by girls.

She was a girl of fine physique and was devoted to athletics. Four physicians constantly in attendance could do nothing to check the disease.

Stout Jim Dalrymple, the expert of Glasgow, is a municipal ownership man at home, yet a few weeks' study of Chicago conditions convinced him that municipal ownership here would not do—that it would kill private initiative, lead to non-economical and non-efficient management, and open the door to a broad array of evils which he drew back affrighted.—New York Globe.

TRIBUNE'S SPORT PAGE

ENTERTAINMENT GIVEN BY ALAMEDA BOAT CLUB

BY EDDIE SMITH.

"So Alameda has made a famous boat club?"

"O, no, that's a myth: Alameda did not make the boat club famous, but the boat club has made Alameda famous."

Saturday evening the Alameda Boat Club, an organization of which Alameda is very proud of, justly so, for it has done more to make Alameda known all over the coast than any other organization in the Island City, entertained some 250 guests at a banquet which no doubt surpassed any previous socials given at the boat club.

In 1890 a handful of young men of Alameda organized the Alameda Boat Club. It was a hard struggle at first, but through the untiring efforts of the officers and members it has grown until today it stands out very prominently as the most famous rowing club on the San Francisco bay, having won more trophies in the last five or six years than perhaps any two clubs on the bay.

MR. HAMMOND.

Al Kihn, the popular president, who has endeared himself to the heart of every member by his hard work in behalf of the club, welcomed the guests and introduced William Hammond as toastmaster of the evening. Mr. Hammond in his opening remarks, said that he felt it his duty at that time to say that the Alameda Boat Club had sited the accusations made against the club to the bottom, and that it was his proud privilege to say that they were absolutely untrue and that the club had been exonerated from all blame by the people of Alameda.

BETTER QUARTERS.

He also said that the directors of the club have decided to increase the membership limit twenty-five and to fix up more commodious quarters for the members to spend their winter evenings in.

Mr. Hammond was followed by H. Koehn who sang a bass solo so well that the members insisted upon his repeating it.

The toastmaster then called upon Col. Hay, a very eloquent gentleman from Washington, D. C. for a few remarks. Col. Hay took the members back to the time of the Olympian games in Greece, and in an interesting way, explained the evolution of the Atlantic events to the present day.

Past President Charles Smith followed with a few timely words.

Deputy District Attorney, William Hynes in a very eloquent and entertaining address, complimented the Boat Club on its success as a rowing club and also said that as one of the committee that investigated the charges made against the club was proud to say that the skirts of the club had been cleaned of the least suspicion of doubt, and that he was happy to be a member of the club.

OTHER NUMBERS.

Russ Pariser sang a tenor solo entitled, "The Song That Reached My Heart," and the highest compliment that could be paid to his singing was when Col. Hay arose, and said that the song was the favorite one of the famous "Gridiron" Club of Washington, but that he had never heard it rendered more beautifully than by the young man of Alameda.

Hancock English rendered a very beautiful tenor solo in a most pleasing manner. The others called upon by Toastmaster Hammond for songs, stories or remarks were Harold Ward, Mr. Butterworth, "Chief" Kennedy, Dr. Crawford, Mr. Maslin, "Pop" Bell and Ed Smith. Maurice Kramer played ragtime selections on the piano, as well as accompanying the soloists.

The committee that had the most enjoyable affair in charge was composed of the following members: E. R. Thorning, "Pop" Bell, V. Hammond, R. Merriman, R. Boyd and J. Traher.

TENNIS TOURNAMENT AT THE CLAREMONT CLUB

The following matches were played in the invitation doubles tennis tournament held yesterday on the court of the Claremont Country Club: F. Mitchell and Grant Smith beat Tracy Crawford and Percy Murdoch 6-4, 6-1; Herbert Schmidt and Harry Rolfe beat the Butler brothers 7-5, 7-6; Fred Adams and George James beat W. Sherwood and L. Bowles 6-1, 6-1.

Only two matches were played in the scratch doubles tournament Saturday on the courts of the Claremont Country Club. Herbert Schmidt and Harry Rolfe won from Herbert Long and Harry Haight, and George James and Harry Adams disposed of Mitchell and Hart.

The day was ideal for tennis playing, and the players found the courts as good as any they had ever played upon. The only fault they had to find was with the light, which proved poor except for overhead work and high-bouncing balls.

A little surprise was in store for George James and Fred Adams, the Coast and State champions, respectively. Hart and

FIELD-DAY IS WON BY B. H. S. CANOE RACES STOPPED BY WIND

The "helms" from Berkeley High School won the second semi-annual field day of the Bay Counties High School Saturday afternoon on the slender path of the University of California.

The meet was a success, and although the results could not compare with the league field days, five of the freshman records were broken. Drossi, the crack jumper from Lowell, was the strongest point winner of the day, and, as expected, he won the 120-yard low hurdles, broad jump and high jump, breaking the records in the jumps. Simpson of Lowell won the 800-yard and the mile runs with ease. Taking the race in the beginning, he finished far in advance of his nearest competitor in both races, breaking the record in the mile run by six seconds. Lowell had little trouble winning the fifty and 400-yard dashes. The points gained by Berkeley were 41; California School of Mechanical Arts, 34; Lowell, 34; Alameda, 54; and Polytechnic, 2.

The summary:

50-yard dash—Won by Caldwell, L. H. S.; Knox, Dick, second, and Thompson, B. H. S., third. Time, 1:10.

100-yard dash—Won by Simpson, Lick, Rathbone, D. H. S., second, and Norton, B. H. S., third. Time, 2:05.

150-yard dash—Won by Thompson, B. H. S.; Bickel, Lick, second, and Chandler, A. H. S., and Knox, Lick, tied for third. Time, 3:11.

200-yard dash—Won by Caldwell, L. H. S.; Stevens, Lick, second, and Norton, B. H. S., third. Time, 4:07.

120-yard hurdles—Won by Bressi, L. H. S.; Bickel, Lick, second, and Lombard, B. H. S., third. Time, 1:16.

200-yard dash—Won by Caldwell, L. H. S.; Butler, Lick, second, and Stevens, Lick, third. Time, 3:05.

800-yard dash—Won by Simpson Lick, Patterson, G. H. S., second, and Crane, L. H. S., third. Time, 2:21.

One-mile relay—Won by B. H. S.; L. H. S. second, and Lick, third. Time, 3:40.

Pole vault—Won by Griffith, Lick; Allen, B. H. S., and Calvert, tied for second. Height, 8 ft. 9 in.

Broad jump—Won by Bressi, L. H. S.; Holmes, B. H. S., second, and Knox, Lick, third. Distance, 19 ft. 6 in.

High jump—Won by Bressi, L. H. S.; Thompson, B. H. S., second, and Crises, B. H. S., third. Height, 5 ft. 3 in.

Shotput—Won by Butler, Lick; Patterson, B. H. S., second, and Berliner, L. H. S., third. Distance, 33 ft.

UNIVERSITY OF CALIFORNIA ROOTERS DISAPPOINTED WITH 'VARSITY

Saturday's Game of Football Picked to Pieces.

BERKELEY, Nov. 6.—In a game of football that was mostly a two-act farce, California defeated the University of Nevada eleven Saturday afternoon by the score of 16 to 0. Had Knab's varsity players put up the style of football that was expected of them the score would have been twice that much.

Nevada was outwheeled and hopelessly outclassed from the start, yet California put up a game replete with fumbles and off side plays. The best men in the team—Snedigar, Mead, Stern and Whitman—dropped the leather at critical moments and made the football fans on the side lines grind their teeth in disappointment.

THREE TEAMS.

Assistant Coach Griffin drew the line-up of the men. He put three different teams into the game against the Sagebrush footballers, first the team with the varsity substitute backs and Schaefer at quarter, then the regular varsity backfield with Whitman at quarter and Stew in place of Force at right tackle, then finally the freshmen backs with two substitute ends.

All these different aggregations played smashing fast football at times and then spoiled everything by costly fumbles and loose, inexcusable playing.

NO SURE THING.

This game coming only seven days before the big contest with Stanford was a keen disappointment to the Berkeley rooters. It certainly showed California has no sure thing of next Saturday's game with the Cardinal and will probably have the effect of making the betting odds on the intercollegiate even money.

In seven yards of a score.

At this point an off side play cost five yards making twelve to go for a touchdown. Luce made the distance after two ties just as the half ended. Force failed to kick the goal. There was some dispute about allowing the touchdown as the half ended while the ball was being played. It was finally allowed to stand. Score 5-0.

MAKE CHANGES.

Snedigar, Mead, Sperry and Whitman went in the next half with Gray at guard instead of Foster and Sow in Force's place at right tackle. Nevada kicked off to Elliott who dropped the ball when tackled. California recovered, however. In the next play Snedigar was given the leather and he fumbled, the ball going to Nevada. Magee tried a place kick for goal from the thirty-yard line but failed, ending Nevada's chances of scoring.

HEAVY GAINS.

After the small Nevada players were bowled over like nine pine by Snedigar, Mead and Sperry. This line was pounded for five and eight and ten and twelve yard gains. Snedigar frequently plowed along with three or four Nevadans on his back. In ten downs California made 80 yards and Snedigar carried the ball over on a twelve-yard yard run for the touchdown. He kicked the goal. Score 11-0.

Nevada kicked off without a great deal of trouble, scattered the Nevada line in several directions and romped down the field for another touchdown. Snedigar failed to make the goal this time and the score stood 16-0.

At this point Griffin took the regular varsity men out and sent the freshmen backs into the game with Zacharals and Carlier at ends. The freshmen played fast ball but fumbled and failed to score.

The game indicated that Mead will play left half next Saturday and Whitman the quarterback position. Bush is the best left tackle and seems to have that place won from Richards.

BASKET-BALL MR. BENNETT BALL IS HIT FOR CO-ED OWNED BY SEATTLE HARD AT IDORA TITLE

BERKELEY, Nov. 6.—The junior-freshman co-ed basketball team at the University of California won the interclass championship Saturday from the senior-sophomore team by the score of 9 to 7. The struggle for this honor had been particularly spirited for the last few weeks. The junior-freshman team won the first game by the score of 6 to 1, but the senior-sophomore team took a brace in the second game and tied their rivals. Saturday afternoon, in a fiercely contested struggle, the junior-freshman team won, although the upper class girls made them work for every point gained. The picked eleven, including in the line-up the college, were composed of the following:

Senior Sophomores—Goals, Miss M. Brown, Miss L. Williams and Miss E. Stipp; guards, Miss A. Lee (captain), Miss A. Wilcox and Miss M. Crum; centers, Miss H. Eschenberg, Miss E. D. Darke and Miss D. White; substitutes, Miss F. Brown, Miss J. F. Morgan and Miss V. A. Sharple.

Junior-Freshman—Goals, Miss L. Wright (captain), Miss A. Joy and Miss C. Krysto; guards, Miss M. Griffith, Miss I. S. Well and Miss Pinkham; centers, Miss H. M. Atkinson, Miss L. M. Merrill and Miss Alice Jones; substitutes, Miss L. M. Wiley, Miss Anna Jones and Miss A. Brown.

CINCINNATI, November 6.—Player Bennett of the Nashville Club during most of last season, for whose services the St. Louis National League Club and the Seattle Club of the Pacific Coast League entered conflicting claims, will be considered a member of the Seattle Club, according to a decision announced by the National Baseball Commission. The Seattle Club's claim that the player was regularly purchased, the sale being announced September 1, is declared to be established and St. Louis attempt to draft him on that date is not allowed. However, it is further announced that if the player is with the Seattle Club on November 15, that being the beginning of the drafting season in the Pacific Coast League, he will be subject to draft.

The sound of the base hit was very much heard at Idora Park last week in the series between Seattle and Oakland. Russ Hall's triple of Swashes hit the ball hard every day and they wound up the week with a total of 55 hits—an average of over twelve hits to the game. If they keep up this heavy hitting when they go against the Seals this week the precarious hold that the locals have on second place will not last long.

ASSOCIATION FOOTBALL SEASON IS NOW OPEN

In a perfect hurricane of wind and dust the Albion Rovers set the ball a-rolling in Santa Cruz yesterday afternoon in the commencement of the league games. The day was no one for association football, and especially so was this felt by the Albions. Playing with the wind in their favor from the start, they found it practically impossible to get the ball near the goal, though they were in that vicinity all the half. Santa Cruz were only able to cross center field twice in this period, and even then they never got within range of the goal.

In the second period the Albions got together and through good football, Whyle opened the scoring. Ainsworth followed with number two, and Petrie put on the third. The Santa Cruz team were never dangerous, the Rovers' back defense playing a strong game. This was the best part of the team in yesterday's game, and will prove almost impregnable in the forthcoming games.

In the first portion of the game Shand was not to be found within his goal, but he could be seen through the dust playing around the visitors' goal. The win for the Albions was

an easy one. The Santa Cruz eleven are a strong bunch of players, and through some practice together they will yet be heard from. Their goalkeeper put up a good game, always seeming to be in the right spot.

SACRAMENTO AT FREEMAN'S.

The Sacramento football team made its initial bow to association football in Oakland yesterday afternoon, when they tripped on to Freeman's Park. Their team gave all indications as being a good one. The independents got away with the full complement of points by the score of 5 goals to 0.

The score hardly represents the true conclusion of the game, as the Sacramento boys were value for a couple of goals. However, luck will not always be against them, and their next games will finish more promising.

VAMPIRES 2 EAGLES 1.

This association football game was a very evenly contested one, and had the Vampires had a less experienced goalkeeper than McFarlane they would undoubtedly have lost the game. The Eagles are stronger this year, and all indications point to them having a successful season.

SEATTLE WINS BOTH BALL GAMES

YESTERDAY'S RESULTS.

San Francisco 7, Tacoma 5 (morning). San Francisco 4, Tacoma 2 (afternoon). Seattle 5, Oakland 4 (morning ten innings). Seattle 14, Oakland 5 (afternoon). No game at Los Angeles—rain.

STANDING OF THE TEAMS.

Team	Won	Lost	Pct.
Los Angeles	45	34	.565
San Francisco	47	41	.534
Oakland	38	42	.475
Portland	34	42	.445
Tacoma	33	48	.407

The chief feature of both games of ball played yesterday at Idora Park between Seattle and Oakland was the heavy hitting. Seattle getting 31 and Oakland 21.

In the morning game everything looked favorable for Oakland until the tenth inning when Seattle won out. The score was 5 to 4.

In the afternoon both teams did good hitting, and although the Commuters made fourteen hits altogether, they could not get near enough the Swashes to make it interesting. The score was 2 to 7. Here are the scores in detail:

OVERALL DOES NOT TWIRL GAME

SAN JOSE, November 6.—The fallure of "Ovie" Overall of the Cincinnati Reds to show in the box for San Francisco in State League game against the Prune Pickers yesterday was a great disappointment to those who had hoped to see Overall on the grounds, but refused to go on the slab. His place was taken by O'Bannon, who proved an easy mark. Cooperation of Oakland, pitched for San Jose, Score:

STORIES OF IRVING.

When Sir Henry Irving made his first appearance as Hamlet in Manchester, the "properties" were very different from those with which he surrounded himself later at the Lyceum in London and night after night he made his speech, "Alas, poor Yorick!" to a blackened turnip and beheld King Claudius in the last of his majestic drinking to his success from a marmalade jar in the sticky disguise of varnished gold paint.

One of the oddest bequests ever made was that of Irving's. He died, leaving a clause in his will to the effect that the famous actor, of whom he was an ardent admirer, was to have his skull and use it as Yorick's whenever he played "Hamlet." Irving, however, respected the wishes of his admirer's heirs, executors and assigns and relinquished his claim to the relic.

"Hamlet" was the first play Sir Henry Irving saw as a boy. Samuel Phelps was in the title role. Some time afterward Phelps was persuaded to listen to a recitation by Irving, and after praising the young man the celebrated actor gave him the characteristic advice: "Young man, have nothing to do with the stage; it is a bad profession!"

UNIQUE WAY OF DELIVERING LUMBER

REPRODUCTION FROM PHOTOGRAPH SHOWING HOW THE FISHER LUMBER COMPANY EASILY AND QUICKLY LARGE ORDERS THE BEST MANUFACTURING COMPANY SUPPLIES THE MOTIVE POWER.

An unique way of delivering an immense order of lumber and at the same time of exhibiting one of the manufactured products which has given Alameda county fame all over the western part of the country was that employed by the Fisher Lumber Company of this city in the fortynine of 100,000 feet of lumber to the works of the Daniel Best Manufacturing Company at San Leandro where traction engines and trailing cars for rail purposes are time out daily with the regularity of clockwork.

The train comprised an immense traction engine the stack of which was nineteen feet above the ground. This arose from an upright engine, and boiler which rested on a ponderous steel frame which was supported by two steel and iron wheels on each side with a smaller wheel on either side in front of the larger ones. The side and drive wheels had a diameter of eight feet and the tires a width of nearly two feet. Across these tires diagonally ran at intervals steel cleats intended to enable the wheels to catch hold of the surface of the road and thus facilitate its progress with the immense load behind it. On was used for move power and then Engineer Hoffman and Fireman Beck took their places in their respective seats they were about as high above the roadway as they would be in a had they been on a regular passenger train and a built engine.

MASSIVE CARS. The four train cars were hitched to the engine one behind the other. The body of each was made of steel and oak, and was as strong and tight as an inch of adamant. The wheels were of iron and steel the tires being six inches in width. Each car weighed between two and three tons and its capacity was many times its weight. A small lumber yard was imposed on each car were about eight tons of material which was the vehicle represented a weight of nearly two tons. The traction engine itself weighed about fifteen tons and was capable of exerting energy to the amount of fifty horse power.

TAKING ON LOADS. The train was run to the yards of the Fisher Lumber Company at Third and Oak streets and assorted lumber and saws, shingles and timber were piled on each car to a height of fifteen feet. The loading was done under the supervision of Manager George W. Fisher and when it was completed the lumber was bound to the cars with chains to prevent it shifting in its journey toward its destination.

ENORMOUS WEIGHT. The known weight on each car was about 15,000 feet of lumber, 57,000 feet of lumber, 100 feet each foot weighing 100 pounds or 3,500 pounds which was equivalent to 154 tons. Two trips were made to the lumber yard to handle the enormous load of lumber included in the train.

The amount of time and labor saved by the situation of this aggregate of lumber can be realized only when it is known that the train could only move at a rate of one mile an hour in its journey to San Leandro whereas it would require six and one-half hours, or nearly a whole working day for a team to make the trip and return. The train would comprise two horses a wagon and driver and then it would be able to dispose of only 2,000 feet of lumber when one of the cars referred to could deliver between six and seven times that amount. The four cars therefore could accomplish in four hours what would otherwise require 162 hours of time or six and three-quarter days or practically a week of twenty-five teams of fifty horses and of twenty-five men to control the teams. To deliver the full order of 100,000 feet by other means than the traction engine would require twice this expenditure of time and effort whereas a couple of days would suffice for the traction engine and train in which to do it.

PEOPLE WATCH WITH INTEREST. Crowds of people flocked about the yards of the Fisher Lumber Company when the train pulled out for San Leandro at an early hour this morning and an almost continuous line of spectators watched it with unabated interest and surprise and even amazement as it proceeded along the way up hill and down dale on the road to San Leandro.

PROGRESS UNIMPEDED. Notwithstanding the activity here and there and despite the immense load behind it the engine made uninterrupted progress and could easily have doubled its speed. This limited speed was maintained so as not to frighten horses which might be disposed to show timidity for the first time they approached the colossus. Happily no animal lost its composure although many a driver, when he saw the unexpected leviathan approaching wondered when Mississippi steamboats had begun to navigate the streets of Oakland and the San Leandro road.

LEGEND TELLS TALE. His wonder did not abate until he got alongside the train and found in cambric signs the legend "The Best Manufacturing Company Road Traction Engine and Train—Lumber from the Fisher Lumber Company Third and Oak Streets Oakland California."

This told the story but did not satisfy curiosity because the driver's turned head kept his eyes riveted upon the spectacle until distance removed it from view.

ROADS PACKED. Regardless of the fears of some people that the ponderous loads would break cross-walks and destroy streets the fact is that the broad tires served only to render the surface more compact and thus to improve the roadway.

The lumber on the train is intended for the building of a large addition to the Best Manufacturing Works at San Leandro which is elsewhere referred to in detail in this issue of THE TRIBUNE.

LEVIATHAN SOLD. This engine and train was on exhibition at the Portland Exposition, where they took the first prize in their respective classes.

This will be the last exhibit of the train in this city because it was sold this afternoon for \$12,500 and will hereafter do duty in hauling to and from mountain mines in Arizona.

WHEELER MAKES DENIAL

PRESIDENT OF THE UNIVERSITY CONTRADICTS SOME FOOLISH NEWSPAPER YARNS.

The Sacramento Bee last week printed an editorial calling attention to the delay in the selection of the State university farm for which money was appropriated by the last Legislature. It has been freely charged by a certain of interior newspapers that what is known as the Berkeley influence which is anxious to have the farm located as near as possible to the State University, is blocking the proceedings because there is a strong probability that if the matter should come to a vote a site would be selected in either San Joaquin or Yolo county.

The editor of the Stockton Mail wrote to President Benjamin Ide Wheeler of the State University who is a member of the commission to choose the site calling his attention to these rumors and expressing a desire to publish a statement from him. He replied promptly as follows:

Your inquiry regarding the farm and the delay in choosing the site is not altogether easy to answer. I suppose the real answer is that the commission is composed of busy men who are not able to give sufficient time to exploring all the sites that have been offered. It will be necessary now to give about six or eight weeks further to the examination before any decision can be reached. It has proved very difficult to arrange dates upon which all five of the commissioners could be present.

The "Berkeley influence" to which you allude does not so far as I know, exist. I have heard that somebody has suggested that the Berkeley influence desired to locate the farm at Berkeley. The suggestion is, of course, absurd. I am sure that the Berkeley influence from Berkeley, I must be the "Berkeley influence" referred to and I am most confident that I have not as yet made up my mind where the farm ought to be. I have been trying first of all to get answers to the question of what purpose or purposes the university farm is to fulfill. Everyone who has had large experience in agricultural work and education gives me the sure advice "Be ware of the model farm idea. This is a delusion and a snare." This is about only point I can find the great experts agreed upon.

Notwithstanding the specific denial contained in the above letter, certain interior papers continue to reiterate the false and foolish charge that there is a covert scheme a-foot to locate the farm at Berkeley. It is in my way of stating this proposition that the farm should be located as near to Berkeley as the requirements will permit.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation. It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Dawson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches and being-down-pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural, every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound.

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

HOW TO OPEN WASHINGTON STREET WITHOUT DELAY

A Correspondent Shows Thoroughfare Can be Extended to Fifteenth and San Pablo at Small Cost.

Editor TRIBUNE: At the close of the last week is simple and plain to Civil War in America, the was a project Washington street upon the broad gap between the value of the present in the San Pablo avenue per dollar and a gold one that involves removing the City Hall financiers of the county need a private project, on the corner of be placed to find out a way to increase the value of paper money so as to have a specie payment.

I Horace Greeley kept reiterating some resume the only way is to open the City Hall Park—Washington street and the thing was done.

Now you say in your paper that here is a great public necessity in the opening of Washington street through the City Hall Park—Washington street and the thing is done.

Now you say in your paper that here is a great public necessity in the opening of Washington street through the City Hall Park—Washington street and the thing is done.

done. But you ask what authority have they to do that?

The authority delegated to them by the people when they elected them to their present offices. In doing this they would be converting public property from one public use to another public use—that's all.

The Council already maintains a road for pedestrians across the City Hall block. Now let them enlarge that road sufficiently to accommodate wagons and put down a new pavement and the whole thing is done.

After the street is opened and pavement is down the whole thing is just as much a part of the City Hall Park as it ever was. The Council does not convey any title to anybody, neither can they by any act of theirs in doing this the law gaining title by public usage does not apply, as there are no adverse parties, neither can there be any dedication for the same reason the street still remains a portion of the City Hall Park only converted to a different public use and in after years should it appear that the land occupied by the street should be more valuable for some other public use, the Council could close the street without a moment's notice. In my view this is the only way the street can be opened on the ground of public necessity.

If you proceed to open it on the district assessment plan you can be stopped at once by any taxpayer because you are substantially selling the right of way across the block to private individuals—the parties in the assessment district. You can only proceed on the broad ground of the necessities of the whole people not for the accommodation of the property owners of Washington street. The Council has no authority to docket with public property but they have full and ample authority to convert the public property to any public use which the public necessities seem to demand. The law recognizes no difference between a land park and a water park. Now the Council is spending the public money to beautify and adorn the water park for the benefit of the whole people and nobody disputes their right to do so.

As I understand it they are to build an ornamental boat house and other things and if public necessity should seem to demand that a bridge should be built into the middle of the lake and

the house put there is there any one who can say that they have not the authority to do so and pay for it out of the public funds, all in the interests of the whole city. The law allows them to do the same on a land park as on a water park hence it follows that the Council has the power to make a wagon road across the City Hall Park and pay for it out of the city treasury.

I apprehend no one distrusts their power to make as many foot paths across the City Hall Park as they may desire. Then what discrimination could the law make between a road wide enough to accommodate wagons, and one not quite so wide for footmen?

There need be no jangling, disputing or contending about this matter at all if the public necessity demands the opening as you say it does why let the Council proceed to do it just as they are doing on the water park and no one will have any cause for complaint. It is entirely in their hands.

NEWS OF THE DAY FROM THE SUBURBS

"CO-EDS" HOMELESS
BECAUSE OF FIRE

Blaze Destroys Home of Girl Students and Gives Scare to the Neighbors.

BERKELEY, Nov. 6.—Fire in Professor A. M. Elliott's fashionable apartment house at 2405 Bowditch avenue, occupied by "co-eds." University professors and students, destroyed yesterday afternoon most of the "co-eds." belongings, frightened the maidens into hysterics, burned down the building and rendered a lot of University people homeless.

Sparks from a defective flue were fanned by the wind at 1:30 o'clock into a flame that set the roof ablaze, and threatened the destruction of the inmates. These all escaped with their lives, but by a margin so narrow that the girl students were overcome by the shock of the experience, after it was over, several fainting after gaining the outside. The Oakland fire department was called upon for help to aid the Berkeley fire fighters, and one engine from the neighboring city was utilized during the battle to subdue the flames, and save the surrounding houses.

Professor John C. Merriam's home at Bowditch and Channing way narrowly escaped destruction, as did that of Mrs. F. S. Edinger, on the other side of the apartment house, owned by Professor Elliott, which latter the flames almost entirely consumed.

The alarm was given at once, when the fire was discovered, but before the arrival of the professional fire fighters the frightened "co-eds," who stood watching their home being eaten up by flames, shrieked in terror at the spectacle, and begged the men and women who gathered on the scene to go back into the burning house, where possibly other student girls remained, caught by the fire and smoke. None responded to the call except Leon E. Gray, a University senior.

Gray was among the first to arrive on the scene, coming from his "flat" house a few yards away. The situation called for quick action, but none moved until Gray, a stalwart, nervy young man, ordered: "Come on, fellows; in we go, just for the sake of the 'co-eds.'" There followed Gray into the doomed house several men, but happily their quest of imprisoned student girls was not needed. The col-

lege girls had all escaped. A count on the sidewalk showed that none had perished in the burning house, but Gray and his fellows continued their work inside the house, helping to save the furniture and bric-a-brac in the lower story of the structure. The girl students, however, lost all their belongings, as they were all on the upper floor.

A spark set fire to Miss French's gown, as the homeless girls watched the flames, and she was in imminent danger for a time of serious injury. The spark was luckily extinguished, but not in time to prevent the ruin of the dress.

The burned building was owned by Professor A. M. Elliott, whose home is at 2529 Bonaventure avenue. It had for occupants on the lower floor Mrs. E. F. Young, who rented apartments to Professor F. B. Laney, an instructor in the geology department of the university; R. A. Clark, a student, and to a daughter, Miss Helen Young. Their belongings were saved for the most part.

A group of "co-eds" had the apartment in the upper story of the house, with Mrs. Florence Holbrook in charge of the flat. The girls included Miss F. J. French, Miss E. M. Keslop, Miss E. Scott, Miss E. Todd and Miss E. Holbrook, L. E. Milliken, a University student, also had quarters on this floor. They are all saved.

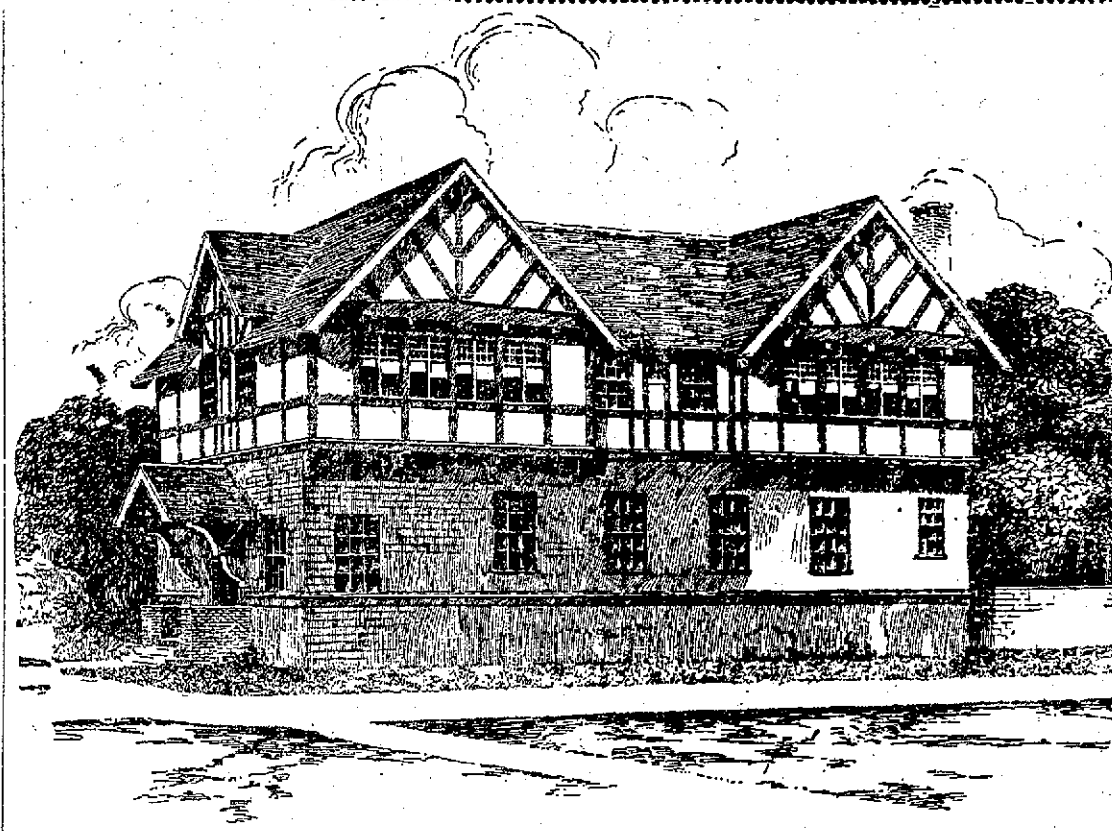

Miss Todd was the first to learn of the danger that threatened the occupants of the house. She detected smoke in the hall on the upper floor and sounded the alarm. The warning was given none too soon, for in a few seconds the house was a mass of flames and smoke, the high wind fanning the sparks on the roof into a fierce blaze.

Despite the high wind, which carried flames and sparks with incredible swiftness toward neighboring dwellings, and made it doubly difficult to direct streams of water on the fire, Chief Kennen's men accomplished the seemingly impossible task of averting destruction from the Merriam and Edinger residences.

After an hour's work no further danger was apprehended from the smoldering ruins of the former home of the unfortunate university students.

The damage to Professor Elliott's property is estimated at \$7000. The loss is partly covered, amounting to about \$2000.

The homeless "co-eds" were provided with shelter in neighboring sprightly houses, and the male members of the household sought accommodations in downtown apartment houses.

NEW BUILDING TO BE ERECTED FOR THE HOME OF TRUTH IN ALAMEDA.

NEW MINISTER BRINGS
PEACE

First Presbyterian Church Factions Welcome Dr. Lapsley A. McAfee as Pastor.

BERKELEY, Nov. 6.—Peace hovered over the hitherto warring factions of the First Presbyterian Church yesterday, when Rev. Lapsley A. McAfee, the new minister who has just begun his work in Berkeley, spread out his hands and invoked a benediction upon the congregation that he lovingly called "my people."

For two years the First Presbyterian Church of Berkeley has been without a pastor. One faction declared a "liberal, modern" man; another insisted that the new minister should be a "strong, conservative, old-school preacher." Many ministers were tried for brief periods. None received a permanent call, however, until the session decided a few weeks ago, that if the Rev. Lapsley A. McAfee could be induced to accept the pastorate all would be well.

The call was extended, the minister accepted an engagement to last one year, and yesterday his first sermon delivered. The church, which was crowded to the doors with a multitude anxious to see and hear the new divine.

Instant success appeared to be won by Dr. McAfee, his sermon being acclaimed scholarly, richly spiritual, polished, and delivered with the "unction" which fervent churchmen covet in a pulpiteer. The new minister is of a family of famous ministers, his father being president of Park College, a Presbyterian institution in Missouri.

Dr. Lapsley A. McAfee has the clean cut features of the ascetic, but his eyes glow as he talks, and warmth of tone and tenderness of speech indicate his hearty interest in those whom he calls "my people," and the world outside, as well.

The theme of Dr. McAfee's sermon yesterday morning was "Jesus Christ the same." His text being from Hebrews, 13:8: "Jesus Christ, the same yesterday, and today, and forevermore." He spoke of the desirability of having some certain, unvarying point upon which to look while tossed on the sea of life, and described Christ as the unchanging Savior, the unchanging master, and the unchanging friend. The difference between Christianity and other admirable forms of religion was declared to be the difference between a Savior, and a mere form of excellent religious and ethical principles. Christ's mastery over all elements, and over men, was graphically pictured, and in conclusion the Christ as a loving, powerful friend was urged upon the congregation for its acceptance, and comfort and salvation.

Dr. McAfee is to be given a reception by his congregation, at the church on Allston way, next Tuesday night.

WOODMEN
DINNER

Annual Social Reunion Thanksgiving.

SAN LEANDRO, Nov. 6.—San Leandro Woodmen of the World expect to eat their Thanksgiving dinner with their wives and children, and with all the Women of Woodcraft and those who are interwoven with them in family ties, together, in Masonic Hall, as has been the custom of all for years past. Of course, the whole affair will be under the practical management of Women of Woodcraft, Olive Branch circle, No. 513. There will be games and music and dancing and refreshments and sociability. So satisfactory is the sort of a "thanksgiving" and has been for a long time in San Leandro, that it threatens, this year, to spread through the order to some of the camps and circles in Oakland.

PERSONAL.

Antonia Estradillo has been taken to the County Infirmary, and is not expected to live very long. The incident recalls to the minds of old residents when the Estradillo family owned the whole of Eden township, and had their fine modified and Mr. and Mrs. McLaughlin, the parents of C. W. McLaughlin, have purchased the Bryant residence on Escondido avenue, together with an acre of the surrounding land. The residence is to be remodeled and Mr. and Mrs. McLaughlin will make their home there in future.

Mrs. John Gillespie and children left for Chehalis, Wash., Wednesday. It is Mrs. Gillespie's intention to follow them in a couple of months. They expect to make their future home there.

Mr. and Mrs. Joseph Olimpia have removed to the Downing ranch, for many years conducted by A. Lucio, and expect to remain a year.

John Blais has sold four lots in his subdivision to W. Noid, who will build in the spring.

Mr. and Mrs. J. H. Miller of Davis street, have moved to Eugene City, Ore., where they are to go into business.

Mrs. K. Gomm, who has been house-keeping for Rufus Page, of San Lorenzo avenue, has gone to Dixon.

Eugene Campbell has returned from Rio Vista, where he spent the last month. The infant son of Mr. and Mrs. Joseph Wrightman, of Colorado, has rented the Meek cottage on Castro street. The infant son of Mr. and Mrs. Joseph Wrightman, died Friday.

Mrs. John Cerritos is suffering from a broken wrist, both bones being fractured.

BUSINESS CHANGES.

J. H. Miller has sold the American Bakery to M. J. Lipsey, who for the past six months has been the head baker of the establishment.

F. G. Gonsalves has purchased a half interest in the grocery store and vegetable market for some years past conducted by F. G. Gonsalves and J. F. Dias, recently in the Plaza saloon to J. F. Dias, recently of San Francisco, where he was for years in the street railway service.

Frank Estes has sold his milk route to S. C. McLaughlin.

Mrs. M. Gomes has bought a lot on Carpenter street from Mrs. Claffey.

T. O. Johnson has moved his repair shop into the Pratt building on Davis street.

FLAMES THREATEN THE
ALAMEDA MOLE

New Structure Menaced by Fire That Does Considerable Damage.

ALAMEDA, November 6.—The narrow gauge, or Alameda mole, the scene of a disastrous fire a few years ago, when the depot was completely destroyed, together with much rolling stock, came near seeing a repetition of that disaster yesterday afternoon, when the gale prevailing was at its height. Had it not been for the combined efforts of two locomotive fire engines and two fire tugs, hurriedly summoned by telegraph from across the bay, the new depot, recently completed, at a cost of \$150,000 or over, would have gone up in smoke, and the formal dedication, set for the 12th instant, would have been indefinitely postponed, together with the ball and literary exercises, which are to form a part of the function.

The fire broke out about 2:30 o'clock near the end of the mole on the south side of the passenger slip, and in the high wind gained rapid headway. The railroad employees, handicapped by lack of water, seemed for a time powerless to save the building. The fire creeping to within one hundred and fifty feet of the structure.

The former fire was supposed to have been started by sparks from a locomotive falling in the plankings, but the blaze, yesterday, according to Roadmaster Corrigan, in which view Assistant Superintendent Edward R. Anthony of this city concurred, was the fire caused by the fire engine, which left for the city side at 2:35 p. m.

As the boat steamed out from the pier it was driven against the piling on the south side of the slip. The rubbing of the sides of the steamer against the creosote with which the boards are preserved, Roadmaster Corrigan stated, was accountable for the combustion.

The fire was spreading furiously when it was discovered. The fire hose was run out, but it proved practically useless, the stream being too feeble to be of any advantage. There was very little water in the tank, it is believed, which accounted for the low pressure.

Workmen engaged in pulling up the planks to stay the progress of the flames, but the fire was too far advanced. Five fire engines were hurried to the scene from the West Oakland Yards, and the fire tugs Governor Markham and Governor Irwin summoned from San Francisco by wire. The fire fighting locomotives were first to reach the blaze, and did effective work. Inside of an hour the fire tugs reached the mole and with their aids the flames were held in check. Traffic was suspended for two and one-half hours, as no boats could land at the mole.

Nearly one hundred and fifty feet of piling along the slip was damaged, while on the south side of the pier the fire ate away many of the piles and charred others for a distance of two hundred feet.

HAS EMBRACING HABIT.

ALAMEDA, November 6.—Chris Grau, a Park street merchant, who was publicly horsewhipped by Miss Myrtle Edmond in September, was arrested late Saturday night and charged with battery by L. E. Heim of 1649 Verdi street.

In the complaint Mr. Heim stated that when Grau was working at the Alameda Hotel, he was very unruly, took undue liberties with his seven-year-old daughter. When he was taken to the station Grau denied having done anything improper, saying that he had done just as the Lord would under similar circumstances. He denies that it is his custom to embrace promiscuously and states that his actions are governed by the Bible. For quite a while Grau has been attending church meeting and interrupting the preaching. He states that he does not like the methods used in preaching, certain truths and that he takes this method of stopping the discourse.

Mr. Heim says he knows of other instances where Grau has not acted as a gentleman and that he will have evidence sufficient to convict him on the charge.

Gray keeps a notion store on Park street and it was at his place of business that a former employee, Miss Mable Hurtt, used a whip over his shoulders and head until he was severely bruised. The young lady claimed that Grau had said a number of things to her that no self-respecting girl would listen to, and that she had warned him to cease his attentions to her. He paid no attention to the demand and to rid herself from his company it was necessary to teach him a lesson. At the time of the beating Miss Hurtt was asked if he had made any further attempt to force his attentions on her. She stated that he had been writing insulting letters and that she would have him arrested if the letters did not cease. The matter was reported to the police and Detective George H. Brown, known as Grau, telling him that he would be arrested if he wrote any more letters to the young lady. Grau excused the wording of the notes, stating that he had been quoting from the Bible to show the evil in the ways of Miss Hurtt.

TO MAKE ADDRESS.

ALAMEDA, November 6.—Dr. Jas. A. Black is to address the Unitarian Club on next Wednesday evening, his subject being "The Eye, its use and its abuse."

Dr. Black is a resident of Alameda and a well-known practicing oculist in San Francisco. His lecture will be preceded by Frank Fowden, barytone, and Dr. W. K. Scott, who will play selections on the piano.

FUNERAL HELD.

ALAMEDA, November 6.—The funeral of Mrs. Clara Reid Hansbrow, a bride of four months, who was called suddenly by death on Thursday evening, and who was a prominent worker in the First Baptist Church, took place at 2 o'clock yesterday afternoon from her late residence, 1633 Verdi street, being attended by many sorrowing friends. Mrs. Hansbrow was a favorite in social circles when she married H. M. Hansbrow last June, and she has been very active in the work of the church. At the Baptist Church here, an impressive memorial service was preached by the pastor, Rev. Gilman Parker, who referred feelingly to the many beautiful labors in the Sunday school, where she had taken the primary class. The funeral service at the residence was conducted by Rev. Dr. Parker, assisted by Rev. W. C. Spencer of Berkeley, formerly the pastor of the Baptist Church here. Floral remembrances were numerous and of great beauty. Appropriate hymns were sung by the quartet of the choir, consisting of G. S. Warner, tenor; Mr. Oliver, bass; Miss Florence Mitchell, soprano, and Mrs. E. Smith, alto. The pallbearers were: C. G. Lister, E. Ellis, Neil Larsen, G. Burcell, Cary Troy and W. M. Groat. Cremation followed in Oakland.

BOY IS MISSING.

ALAMEDA, Nov. 6.—Mrs. Garcia of Oak street at 6th Avenue has reported to the police that her son Frank Garcia, aged 14, has been away from home for about a week and that she does not know his whereabouts. She is a very young girl, giving his mother much trouble. It is in the habit of staying away from home and does not return for a week or two. His mother asks that he be placed in a Reformatory School as she is unable to control him.

Finley. It will be an open social with a program, a "stag" social, some of the "big chiefs" from across the bay are expected to be present.

PASSED AWAY.

Daniel Newbury Place, of 3573 Putnam street, for twenty years a resident of San Francisco, where he was well known among steamboat men as a purser, passed away suddenly of heart disease, and other troubles, at his home, Saturday morning, aged 61. He was eating breakfast alone in an upper room at the time, and called to his wife down stairs, but he was dead before she could get to him.

He had last been in the employ of Alexander, Rolfe & Co., on the dock at San Francisco. He leaves a wife. The family had been residents of Fruitvale about a year. Mr. Place being under the care of Dr. W. O. Smith of Alameda.

Mr. and Mrs. Place were well known to Spiritualists in San Francisco and elsewhere around the bay, among whom they were much beloved. Mr. Place held numerous positions of trust in their societies.

Mr. Place was a native of New York city.

BEGGAR A PRIZE
WINNERSHOWS FASHIONABLES A NEW
WRINKLE IN GAINING
A LIVING.

Harry Bethune, "a gentleman beggar," who scans the food of common people, demanding that what he eats must come from the table of the rich and fashionable, was this morning provided with winter quarters by John Judge Smith, who agrees to let him stay four months in the City Jail. Mr. Bethune was astounded at the severity of his sentence, but with well bred indifference, did not deign to criticize the court.

It happens that the defendant had been calling at the back doors and sometimes the front doors of the fashionable residents of the Lake Side district. He politely asked for food and if it was not given him at once he would politely state that he would remain until he was served. He succeeded in frightening many women before he was apprehended by Police McSorley. When there were men at home Mr. Bethune would refrain from annoyance but if there were only women he directed affairs much to suit himself.

For down right brazenness, effrontery and impudence as a beggar, Mr. Bethune is said by the police to excel anything which has come this way for a long time. After he has served his time the police will see that he is properly escorted beyond the confines of Oakland.

BERKELEY POLICEMAN
IS SUSPENDEDChief Vollmer Relieves Patrolman
Virgin of His Star--Town
Trustees to Act.

BERKELEY, Nov. 6.—The shakeup in the police department of Berkeley which began two weeks ago with the retirement of Levi J. Moran has resulted in its second victim one of the most prominent members of the department, W. J. Virgin, who is under suspension by Chief Vollmer, and who is to lose his star at the meeting of the Town Trustees tomorrow night.

Policeman Virgin is not regarded as likely to mourn greatly the loss of his position in the department, which pays but \$70 a month, as Virgin is said to be the richest policeman in this side of the bay, and possibly wealthier than any of the minor officers in the metropolis. Virgin's wealth is estimated at about \$10,000, consisting mostly of property in

Berkeley and San Francisco.

The charge against Virgin is neglect of duty. He is under suspension because, it is alleged, he repeatedly left his post of duty, which includes the residence district east of Shattuck avenue, as a patrolman, really was content to serve two or three. Virgin has worked at night, and his movements have been watched, with the result that specific charges have been prepared, citing the times when he neglected his post. Virgin's resignation will be before the Town Trustees tonight, or an unfavorable report regarding him will be filed by Marshal Vollmer.

The suspended officer is an old policeman, having served a long time in San Francisco, as a special officer. He was appointed by Vollmer as one of the force last April, when Vollmer took office.

CHANGE
CLOTHESConductors Want
Uniforms to be
Different.

BERKELEY, Nov. 6.—Conductors on the Telegraph avenue line of the Oakland Traction Company's system, who run into Berkeley and mingle with a high class lot of folks, have petitioned the company for permission to change the style of cloth used in their uniform. The men recently appointed a committee to wait upon Superintendent J. P. Potter, and to explain their desires. The men want to wear a good quality of blue serge, such as "summer boys" affect, instead of the regulation, old-fashioned, heavy, smooth blue cloth, commonly worn by carmen. The request has been favorably considered by Superintendent Potter, who has posted a notice, informing the Telegraph avenue line men that if they can procure cloth of the sort desired that will not be too expensive, the company will authorize its use.

HAYWARD, Nov. 6.—Franklin H. Penfield, formerly of Springfield, Mass., but the past year a resident of Hayward, on A street, in the Knox sub-division, passed away at his home Saturday morning last, by heart failure, at the ripe age of 77 years. For some months he had been under the care of Dr. Galbraith.

He leaves a wife of like age and three daughters living at home, one a trained nurse, and two sons, one at San Diego and one teaching school in Vallejo. Also a married daughter living in Alameda.

The funeral was held Sunday; interment in Lone Tree cemetery.

BORN.

LEVEE ACROSS THE CREEK
MUST NOT STOP
SEWER.

POINT RICHMOND, Nov. 6.—Somebody has been misrepresenting things to the War Department in reference to the levee across Ellis Creek by the Point Richmond Land and Canal Company. The following letter was received yesterday from the department by John Nichol Jr. It is self-explanatory:

"War Department, Washington, D. C., October 30, 1905. Sir:—The department duly received your letter of the 5th ultimo, with enclosures, complaining of unlawful obstructions to and interference with navigation of Ellis Creek, California, by structures placed therein in connection with a project for reclaiming adjacent swamp lands, by the Point Richmond Canal and Land Company, Bay and River Dredging Company, and Monterey Trucking Company.

HAVE INVESTIGATED.
Replying thereto, I beg to inform you that the matter has been carefully investigated by the local engineer officer, Colonel Heuer, and it appears from his report and the facts of the case, have been removed by parties building there and by others interested in the matter. Colonel Heuer also states that arrangements are now being made for the reclamation of the marsh land along the creek in accordance with plans which would not interfere with navigation in view of which no further action by this department appears necessary. At this time, the opinion of Colonel Heuer is concurred in by Chief Engineer U. S. Army, and by the Department. Very respectfully,

"ROBERT SHAW OLIVER,
Acting Secretary of War.
"Nichol Company, 155 Ninth Street,
Oakland, Cal."

It is now pretty certain that this much varied canal venture is trespassing on Uncle Sam's land, and something is likely to happen in the proprietors don't keep off the grass.

LOSSES SAVINGS.
Mrs. George Ammon, of Ohio street, went to San Francisco Friday and took along a hand-bag containing all the family savings—\$265. The lady carried the money about with her all day and night, before reaching on her return home she laid the bag down on a seat in the San Francisco ferry depot and utterly forgot it until she was on the boat and the craft was well on its way to Richmond. A return and search for the hand-bag failed to reveal its whereabouts for it is probable some dishonest person made away with it. The matter was reported to the police.

TO BUILD HALL.
C. A. Odell has concluded to build a commodious hall on his lot adjoining the site of Schindler's Hall, recently burned. He has made a rough draught of his plans and went to San Francisco today to consult an architect.

The building will be of brick and stone and as nearly fire-proof as it can be made. It will have forty feet front on Washington avenue and run through to Park Place, 119 feet on the shortest and 132 feet on the longest line. The structure will front on Washington avenue and two on Park Place. There will also be an entrance to the hall from either street. The hall proper will be 40x70 with a large convertible into a stage for public entertainments. In the front will be two suits of office rooms and ample ante-rooms for lodge purposes.

The hall will be handsomely finished with maple floor and all convenient accessories. The cost will be something like \$12,000.

PURCHASES HOTEL.
J. B. Dorfman, of San Francisco, but formerly of Berkeley, has purchased the Manhattan Hotel from J. E. McKinley and will hereafter conduct that popular hostelry. The gentleman is an experienced hotel man and will maintain the Manhattan at its present high standard of excellence. Mr. McKinley has been released from the hotel business permanently and will take up something else for a livelihood. He has no intention of quitting Richmond, however, but expects to abide here and grow up with the country.

NO BODY IS EXEMPT

A New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is disordered more or less, and the commonest thing they do for it is to take some one of the many so-called blood purifiers, which, in many cases, are merely strong cathartics. They do not cure the ailment, for the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do more harm than good.

Purgings is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Sturdt's Dyspepsia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help that it needs. They stimulate the secretion and excretion of the digestive fluids and relieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done you may take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help, and you will have no trouble.

It is common-sense medicine and a common-sense treatment, and it will cure every time. Not only cure the disease but cure the cause. Goes about it in a perfectly sensible and scientific way.
